Our Reference:
FOI2021/04736
Date:
14 May 2021

Dear [Redacted],

I am writing about your email of 2 May 2021, requesting the following information:

I have recently purchased an ex-military Land Rover Defender TUM HS Snatch 2B. I have checked the released MERLIN database and the vehicle service history is not contained in the available published MERLIN extract (the vehicle as having only recently come out of service). Therefore I submit a FOI request for the following information:

- 1) Vehicle military service history (Units served etc, as contained in MERLIN)*
- 2) Any Maintenance Records / Work objects related to this vehicle.*

Vehicle Registration: 30KK25

I am treating your correspondence as a request for information under the Freedom of Information Act 2000 (FOIA).

A search for the information has now been completed within the Ministry of Defence (MOD), and I can confirm that information in scope of your request is held. This is attached, as follows:

Annex A - Ownership History
Annex B1 - Fault History (redacted)
Annex B2 - Fault History (redacted)
Annex C1 - Inspection History
Annex C2 - Inspection History
Annex D1 - Modification History (redacted)
Annex D2 - Modification History (redacted)
Annex E1 - Service History
Annex E2 - Service History

It has proved necessary to withhold some information related to your request. This is some of the Modification History (Annexes D1 and D2) which has been redacted under qualified exemptions Section 26(1)(a) and (b) (Defence) and s38(1)(a) and (b) (Health and Safety) of the FOI Act. Commercially sensitive information in the Fault History (Annexes B1 and B2), relating to contractor repair times, has been withheld under qualified exemption Section 43(2) (Commercial Interests).

Defence Equipment & Support

Section 26 applies to information that if disclosed would or would likely; prejudice the defence of the British Islands or any colony; and/or the capability, effectiveness or security of the Armed Forces of the Crown or any forces cooperating with them. Section 38 applies to information that if disclosed would or would likely; endanger the physical or mental health of any individual; or endanger the safety of any individual. Section 43 concerns information which if disclosed would or would likely; prejudice the commercial interests of any person (including defence contractors and the public authority holding it).

As these exemptions are qualified, it was necessary to undertake a Public Interest Test to determine whether the balance for withholding the information outweighs that for disclosure. General arguments in favour of release were that full disclosure would demonstrate the MOD's commitment to openness and transparency; and make the UK Government more accountable to the electorate. The FOI Act also contains a presumption for release.

However, releasing the Modification History (Annexes D1 and D2) would divulge information that could be used to compromise the ability of UK Armed Forces to carry out operations safely. Namely, by revealing information about vehicle modifications which could assist adversaries to plan attacks against equipment and endanger the lives of personnel.

The Fault History (Annexes B1 and B2) provides details of the time taken by MOD contractors to rectify fault reports. This data, along with previously published information, could be used to make reasonable assumptions about hourly labour rates. As market sensitive information, this could then be exploited by commercial competitors to undercut the contractor when bidding for similar work.

Given the arguments described above, on balance, it was determined that the information should be withheld. The level of prejudice against release of this exempted information has been set at the higher level of "would" rather than "would be likely to".

Under s16 (Advice and Assistance) you might find it helpful to note that this vehicle was recorded on our database twice and I have provided both sets of information for completeness.

If you have any queries regarding the content of this letter, please contact this office in the first instance. If you wish to complain about the handling of your request, or the content of this response, you can request an independent internal review by contacting the Information Rights Compliance team, Ground Floor, MOD Main Building, Whitehall, SW1A 2HB (e-mail CIO-FOI-IR@mod.gov.uk). Please note that any request for an internal review should be made within 40 working days of the date of this response.

If you remain dissatisfied following an internal review, you may raise your complaint directly to the Information Commissioner under the provisions of Section 50 of the Freedom of Information Act. Please note that the Information Commissioner will not normally investigate your case until the MOD internal review process has been completed. The Information Commissioner can be contacted at: Information Commissioner's Office, Wycliffe House, Water Lane, Wilmslow, Cheshire, SK9 5AF. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website at <https://ico.org.uk/>.

Yours sincerely,

DE&S Policy Secretariat Asst Hd
