G. CHOICE OF PROCEDURE

Please choose option 1 or 2 or 3 by ticking one box only

Please note that we must also take the LPA's preference into account when we decide how the appeal will proceed.

1. WRITTEN REPRESENTATIONS	
This procedure involves an exchange of the parties' written statements, followed by a visit to the hedgerow site by the Inspector who is responsible for determining the appeal.	w \square
You and a representative of the LPA will be given an opportunity to accompany the Inspector during the site visit.	
2. HEARING A hearing is a discussion, held under the direction of the Inspector. It lets parties exchange their views in a less formal atmosphere than at a public inquiry. Hearings are open to the public and third parties will be heard at the discretion of the Inspector. Hearings are not usually suitable for appeals that:	нП
 are complicated or controversial and have created a lot of local interest require cross-examination of witnesses. 	п
Although you may prefer a hearing, the Inspectorate must also consider whether your appeal would be best dealt with by one.	
3. INQUIRIES	
This is the most formal procedure and is usually the best way to deal with a case involving complex legal issues and or where many third parties have expressed an interest in the case. Expert evidence is often presented at an inquiry and witnesses may be cross-examined. An inquiry will normally take longer than a hearing, and in some cases could last several days. It is not a court of law but proceedings may appear to be quite similar. Inquiries are open to the public.	
An inquiry will be held if you or the LPA decide that you do not want to use the written representations procedure and we decide that a hearing is unsuitable.	I
Sometimes even if both parties have opted for the written representations procedure or a hearing we may decide to hold an inquiry. If we do, we will tell you why.	
If you want us to hold an inquiry please set out you reasons.	
"I wish to be heard by an Inspector at an inquiry because
