21 September 2021

Dear [REDACTED]

PROVISION OF REQUESTED INFORMATION

Thank you for your request for information about post mortem results following a positive tuberculin result, which APHA received on 20 August 2021. Your request has been handled under the Freedom of Information Act (FOIA) 2000.

The information you requested and our response is detailed below:

“Please correct me if I’m not reading your dataset correct.

With regards to the attached, and the SA Camelids Live Test Data, using 2020 as an example 205 Camelids that tested positive for TB, 185 via a blood test and 20 via Tuberculin, how many of the animals subjected to the Tuberculin test were later found to TB free post mortem.

I'd be interested too in the numbers for 2019, 121 slaughtered due to Tuberculin Tests.

I think a column needs to added showing how many animals were found to TB free post mortem.”

The latest up to date information you have requested can be found attached as Appendix 1.

To find out more about some of the terms used in the Appendix and the procedure APHA follow after a confirmed case of Bovine TB can be found on the APHA Science Blog here:

<https://aphascience.blog.gov.uk/2021/09/17/bovine-tuberculosis-testing-and-examining-btb-positive-animals/>

Please note the following from blog:

The purpose of testing

APHA is an Executive Agency of the Department for Environment, Food and Rural Affairs and also works on behalf of the Scottish Government, Welsh Government and Food Standards Agency to safeguard animal and plant health for the benefit of people, the environment and the economy.

It is important to remember that infected animals can be contagious before they display lesions or other clinical signs of TB. Therefore, removing them promptly from the herd after a positive diagnosis is an essential part of tackling this disease and ensuring that it does not spread amongst our livestock population or is passed onto humans.

The additional post-mortem and testing processes carried out by APHA are used to identify which strain of the disease is present and help inform decisions on testing other animals in the herd. These can be difficult times for owners and APHA staff are always on hand to provide advice and assistance during this process.

The UK enjoys a hard-won international reputation for animal health, welfare and biosecurity and our standards are second to none. Our strict animal control strategies are central to this. Due to the comprehensive bTB eradication plan in place in the UK, human cases of bTB have been significantly reduced over recent decades and international markets remain open to exports of UK beef and dairy products.

More information on Tb and non – bovine species Tb can be found at the following links:

[Bovine TB epidemiology and surveillance in Great Britain, 2019 - GOV.UK \(www.gov.uk\)](https://www.gov.uk/government/statistical-data-sets/other-tb-statistics)

[Statistics on TB in Non-Bovine Species - GOV.UK \(www.gov.uk\)](https://www.gov.uk/government/statistical-data-sets/other-tb-statistics)

<https://www.gov.uk/government/statistical-data-sets/other-tb-statistics>

<https://aphascience.blog.gov.uk/2021/08/05/bovine-tuberculosis/>

Thank you for your feedback on the extra column APHA have noted this and whilst we value user feedback on our published datasets, on this occasion we won't be adding the extra column as suggested.

Information disclosed in response to this FOI request is releasable to the public. In keeping with the spirit and effect of the FOI and the government's Transparency Agenda, this letter and the information disclosed to you may be placed on GOV.UK, together with any related information that will provide a key to its wider context. No information identifying you will be placed on the GOV.UK website.

An Annex is attached which explains the copyright that applies to the information being released to you and contact details should you be unhappy with the service you have received.

If you have any queries about this letter, please contact the Access to Information Team at the email address below or postal address at the top of this letter.

Postal requests during the COVID-19 outbreak

APHA are currently experiencing delays in replying to post received. You should send queries to the relevant email address (details below) wherever possible. Please remember to include a return email address.

Yours sincerely

Copyright

The information supplied to you continues to be protected by copyright. You are free to use it for your own purposes, including for private study and non-commercial research, and for any other purpose authorised by an exception in current copyright law. Documents (except photographs or logos) can also be used in the UK without requiring permission for the purposes of news reporting. Any other re-use, for example commercial publication, would require the permission of the copyright holder.

Most documents produced by APHA will be protected by Crown Copyright. Most Crown copyright information can be re-used under the [Open Government Licence](#). For information about the OGL and about re-using Crown Copyright information please see [The National Archives website](#).

Copyright in other documents may rest with a third party. For information about obtaining permission from a third party see the [Intellectual Property Office's website](#).

Complaints

If you are unhappy with the service you have received in relation to your request, you may make a complaint or appeal against our decision under section 17(7) of the FOIA or under regulation 11 of the EIRs, as applicable, within 40 working days of the date of this letter. Please write to the Access to Information Manager at the address at the top of this letter or email enquiries@apha.gov.uk and the team will arrange for an internal review of your case.

If you are not content with the outcome of the internal review, section 50 of the FOIA and regulation 18 of the EIRs gives you the right to apply directly to the Information Commissioner's Office (ICO) for a decision. Please note that generally the ICO cannot make a decision unless you have first exhausted APHA's own complaints procedure. The ICO can be contacted at:

Information Commissioner's Office
Wycliffe House
Water Lane
Wilmslow
Cheshire
SK9 5AF

Coronavirus

If you need to contact the ICO during the Coronavirus pandemic, it's best to do so online. Please click [here](#) for contact details. You can also call them on 0303 123 1113.
