Dear [REDACTED]

I am writing about your email of 26 November 2021, requesting the following information:

“Would you please send me all details and history, including maintenance, service reports, Merlin report and any other information on the following vehicle which I have purchased - LAND ROVER DEFENDER TUM HS FFR, VIN: SALLDBA67VA127796, vehicle registration number: KX 75 AA, Contract Number: LV2A/088.”

Your request has been handled in accordance with the Freedom of Information (FOI) Act 2000.

A search has been carried out of Ministry of Defence (MOD) records and some information is held about vehicle. This is enclosed, as follows:

Annex A – Vehicle Transfer History (Redacted)
Annex B – Modification History (Redacted)
Annex C – Fault History (Redacted)
Annex D – Inspection History
Annex E – Service History

However, information has been withheld in accordance with exemptions of the FOI Act.

The Vehicle Transfer History (Annex A) contains details about some of the in-service owners of your vehicle, as held on the MOD's Joint Asset Management and Engineering Solutions (JAMES) system. The name of an individual has been redacted in accordance with Section 40 (Personal Information) of the FOI Act. As this is an absolute exemption it was not necessary to determine the balance of interest in releasing or redacting this information.

Earlier vehicle transfer records are available on the Merlin System which predates that for JAMES. Section 21(1) of the FOI Act provides an exemption if the information is reasonably available by other means. The Merlin archive was released as part of a previous FOI request and can be accessed at the Government publications website, at the following link:

<https://www.gov.uk/government/publications/foi-responses-published-by-mod-week-commencing-09-july-2018>.

Some of the Modification History (Annex B), relating to classified equipment, has been redacted in accordance with Sections 26(1) (a) and (b) (Defence), and Section 38(1) (a) and (b) (Health and

Safety). In addition, commercially sensitive information has been withheld from this document, and from the Fault Report (Annex C), in accordance with Section 43(2) (Commercial Interests).

Section 26 applies to information that if disclosed would or would likely; prejudice the defence of the British Islands or any colony; and/or the capability, effectiveness or security of the Armed Forces of the Crown or any forces cooperating with them. Section 38 applies to information that if disclosed would or would likely; endanger the physical or mental health of any individual; or endanger the safety of any individual. Section 43 concerns information which if disclosed would or would likely prejudice the commercial interests of any person (including defence contractors and the public authority holding it).

As Sections 26, 38 and 43 are qualified exemptions, it was necessary to undertake a Public Interest Test to determine whether the balance for withholding the information outweighs that for disclosure. General arguments in favour of release were that full disclosure would demonstrate the MOD's commitment to openness and transparency; and make the UK Government more accountable to the electorate. The FOI Act also contains a presumption for release.

However, releasing some of the Modification History would divulge information that could be used to compromise the ability of UK Armed Forces to carry out operations safely; by revealing information about vehicle modifications which could assist adversaries to plan attacks against equipment and endanger the lives of personnel. In addition, the Modification and Fault Histories provide details of the time taken by MOD contractors to rectify fault reports. This data, along with previously published information, could be used to make reasonable assumptions about hourly labour rates. As market sensitive information, this could then be exploited by commercial competitors to undercut the contractor when bidding for similar work.

Given the arguments described above, on balance, it was determined that the information should be withheld. The level of prejudice against release of this exempted information has been set at the higher level of "would" rather than "would be likely to".

If you have any queries regarding the content of this letter, please contact this office in the first instance. If you wish to complain about the handling of your request, or the content of this response, you can request an independent internal review by contacting the Information Rights Compliance team, Ground Floor, MOD Main Building, Whitehall, SW1A 2HB (e-mail CIO-FOI-IR@mod.gov.uk). Please note that any request for an internal review should be made within 40 working days of the date of this response.

If you remain dissatisfied following an internal review, you may raise your complaint directly to the Information Commissioner under the provisions of Section 50 of the Freedom of Information Act. Please note that the Information Commissioner will not normally investigate your case until the MOD internal review process has been completed. The Information Commissioner can be contacted at: Information Commissioner's Office, Wycliffe House, Water Lane, Wilmslow, Cheshire, SK9 5AF. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website at <https://ico.org.uk/>.

Yours sincerely
