## JUDGMENT

The claimant's application dated **20 September 2021** for reconsideration of the Judgment in this case dated 10 September 2021 ("**the Judgment**") is refused.

**REASONS**

1. The Claimant made an application for reconsideration of the Judgment dated 20 September 2021, followed by (it appears from the papers I have been provided with) a letter to the tribunal dated 25 October 2021, together with attached documentation, on the implied basis that the interests of justice required it.
2. The application and the documents accompanying it all go the merits of the Claimant's claim of race discrimination. However, as the Judgment makes clear, this claim was not dismissed by reference to the merits, but on the narrow jurisdictional basis identified in the Judgment (see in particular paragraphs 15-18 of the Reasons accompanying the Judgment). There is nothing in the application which addresses that jurisdictional issue.
3. For the above reasons, there is no proper basis for a reconsideration of the Judgment.
