Our Reference:
FOI2021/10405
Date:
28 September 2021

Dear 

Thank you for your email of 14 September 2021, requesting the following information:

I am the owner of the above vehicle 36KL74 (TRUCK UTILITY MED GS CARGO SOFT TOP 12VOLT 4X4 2.5LTR MK6 B DSL LANDROVER 110 DEFENDER) and would like to formally request the following information (under FOI) regarding this vehicle including

- *Vehicle Ownership History*
- *Modification History*
- *Fault History*
- *Inspection History*
- *Service History including military deployment/use*
- *Clarification on what 'MK6 B DSL' means in the description of the vehicle*

Your request has been handled in accordance with the Freedom of Information (FOI) Act 2000.

A search has been carried out of Ministry of Defence (MOD) records and it is confirmed that some information is held that can be released. This is enclosed, as follows:

Annex A - Modification History
Annex B - Fault History (Redacted)
Annex C - Inspection History
Annex D - Service History

It has proved necessary to withhold some information in the Fault History (Annex B), relating to contractor repair times, under qualified exemption Section 43(2) (Commercial Interests) of the FOI Act.

Section 43 concerns information which if disclosed would or would likely; prejudice the commercial interests of any person (including defence contractors and the public authority holding it). As a qualified exemption it was necessary to undertake a Public Interest Test to determine whether the balance for withholding the information outweighs that for disclosure.

General arguments in favour of release were that full disclosure would demonstrate the MOD's commitment to openness and transparency; and make the UK Government more accountable to the electorate. The FOI Act also contains a presumption for release. However, providing details of the

Defence Equipment & Support

time taken by MOD contractors to rectify fault reports could, along with previously published information, be used to make reasonable assumptions about hourly labour rates. As market sensitive information, release may be detrimental to future competitive exercises.

Given the arguments described above, on balance, it was determined that the information should be withheld. The level of prejudice against release of this exempted information has been set at the higher level of "would" rather than "would be likely to".

In addition, details of your vehicle's ownership history have previously been published. Section 21(1) of the FOI Act provides that it is exempt if it is reasonably available by other means. The Merlin archive was released as part of a previous FOI request and can be accessed at the Government publications website, at the following link:

<https://www.gov.uk/government/publications/foi-responses-published-by-mod-week-commencing-09-july-2018>.

Under Section 16 (Advice and Assistance) of the FOI Act, I can advise you that the Merlin database in the above link is split into seven spreadsheets. The first has a list of vehicles, while sheets two through seven include the service histories. To search for a vehicle, you will need to press Ctrl + F on your computer keyboard, then select 'Options' and then select 'Workbook' from the 'Within' drop down list. Information relevant to your request can be found by typing the vehicle registration number and pressing 'enter'.

I can also advise you what the term 'MK6 B DSL' means. Mark 6B (Mk 6B) indicates the type of gearbox fitted to the vehicle, while 'DSL' is the annotation given to diesel fuelled vehicles.

You may wish to note that when the Merlin database was archived into its current format some data may have been lost or corrupted. You should, therefore, be cautious that some of the data may be inaccurate.

If you have any queries regarding the content of this letter, please contact this office in the first instance. If you wish to complain about the handling of your request, or the content of this response, you can request an independent internal review by contacting the Information Rights Compliance team, Ground Floor, MOD Main Building, Whitehall, SW1A 2HB (e-mail CIO-FOI-IR@mod.gov.uk). Please note that any request for an internal review should be made within 40 working days of the date of this response.

If you remain dissatisfied following an internal review, you may raise your complaint directly to the Information Commissioner under the provisions of Section 50 of the Freedom of Information Act. Please note that the Information Commissioner will not normally investigate your case until the MOD internal review process has been completed. The Information Commissioner can be contacted at: Information Commissioner's Office, Wycliffe House, Water Lane, Wilmslow, Cheshire, SK9 5AF. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website at <https://ico.org.uk/>.

Yours sincerely

DE&S Secretariat
