Date:
8 October 2021

Dear [REDACTED]

Thank you for your email of 15 September 2021, requesting the following information:

Please could you supply any service history you have on the JAMES computer system and any user unit histories for the following.

*Yamaha Grizzly 450 PTL QUADBIKE
ERM **HE61AB**
ASSET CODE NB 1208 4106
CHASSIS NO. 512702*

*Yamaha Grizzly 450 PTL QUADBIKE
ERM **NA61AB**
ASSET CODE NB 1208 4106
CHASSIS NO. 516939*

Your request has been handled in accordance with the Freedom of Information (FOI) Act 2000.

A search has been carried out of Ministry of Defence (MOD) records and it is confirmed that some information is held about both of your vehicles. This is enclosed, as follows:

Annex A - Modification History (Redacted) for both HE61AB and NA61AB
Annex B - Fault History (Redacted) for both HE61AB and NA61AB
Annex C - Inspection History for both HE61AB and NA61AB
Annex D - Service History for both HE61AB and NA61AB

It has proved necessary to withhold some information in accordance with qualified exemption Section 43(2) (Commercial Interests) of the FOI Act. This concerns information which if disclosed would or would likely; prejudice the commercial interests of any person (including defence contractors and the public authority holding it). Specifically, some of the Modification History (Annex B) and Fault History (Annex C) relate to contractor repair times.

In addition, the Vehicle Histories for both HE61AB and NA61AB have been withheld in accordance with Section 26(1) (Defence) of the FOI Act. This concerns information which if disclosed would or would likely allow assumptions to be made about Armed Forces capabilities.

Section 43 concerns information which if disclosed would or would likely; prejudice the commercial interests of any person (including defence contractors and the public authority holding it). Section 26 applies to information that if disclosed would or would likely; prejudice the defence of the British Islands or any colony; and/or the capability, effectiveness or security of the Armed Forces of the Crown or any forces cooperating with them.

It was necessary to undertake a Public Interest Test to determine whether the balance for withholding the information outweighs that for disclosure.

General arguments in favour of release were that full disclosure would demonstrate the MOD's commitment to openness and transparency; and make the UK Government more accountable to the electorate. The FOI Act also contains a presumption for release.

However, releasing some of the Modification (Annex A) and Fault (Annex B) Histories would provide details of the time taken by MOD contractors to rectify fault reports which could, along with previously published information, be used to make reasonable assumptions about hourly labour rates. As market sensitive information, release would likely be detrimental to future competitions.

Also, the Vehicle Histories contain information that has been identified as relating to operational units. While the information for a single vehicle might be considered harmless, an adversary could cross-reference it with data collated from other individual requests, to create an accurate picture of force projection measures, including where vehicles were allocated at specific points in time. This would likely allow conclusions to be made about Armed Forces capabilities.

Given these arguments and on balance, it was determined that the information should be withheld. The level of prejudice against release of this exempted information has been set at the higher level of "would" rather than "would be likely to".

If you have any queries regarding the content of this letter, please contact this office in the first instance. If you wish to complain about the handling of your request, or the content of this response, you can request an independent internal review by contacting the Information Rights Compliance team, Ground Floor, MOD Main Building, Whitehall, SW1A 2HB (e-mail CIO-FOI-IR@mod.gov.uk). Please note that any request for an internal review should be made within 40 working days of the date of this response.

If you remain dissatisfied following an internal review, you may raise your complaint directly to the Information Commissioner under the provisions of Section 50 of the Freedom of Information Act. Please note that the Information Commissioner will not normally investigate your case until the MOD internal review process has been completed. The Information Commissioner can be contacted at: Information Commissioner's Office, Wycliffe House, Water Lane, Wilmslow, Cheshire, SK9 5AF. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website at <https://ico.org.uk/>.

Yours sincerely

DE&S Secretariat
