Our Reference:
FOI2021/09641
Date:
23 September 2021

Dear 

I am writing about your email of 31 August 2021, requesting the following information:

**'I have recently purchased a Landrover Wolf 110 soft top from L Jackson & Co, Doncaster.
Chassis number SALLDBA67WA157777
In service reg PS 51 AA
Now registered via DVLA as V228 VKE
Please can you supply maintenance history and Units where t has served during military service.'**

Your request has been handled in accordance with the Freedom of Information (FOI) Act 2000.

A search has been carried out of Ministry of Defence (MOD) records and it is confirmed that some information is held on your vehicle that can be released. This is enclosed, as follows:

Annex A – PS51AA Vehicle History
Annex B – Fault History (Redacted)
Annex C – Inspection History
Annex D – Maintenance History
Annex E – Servicing History

It has proved necessary to withhold some information related to your request. This is commercially sensitive information in the Fault History (Annex B) relating to contractor repair times, which has been withheld under qualified exemption Section 43(2) (Commercial Interests). Section 43 concerns information which if disclosed would or would likely prejudice the commercial interests of any person (including defence contractors and the public authority holding it).

As this exemption is qualified, it was necessary to undertake a Public Interest Test to determine whether the balance for withholding the information outweighs that for disclosure. General arguments in favour of release were that full disclosure would demonstrate the MOD's commitment to openness and transparency; and make the UK Government more accountable to the electorate. The FOI Act also contains a presumption for release.

The Fault and Modifications Histories provide details of the time taken by MOD contractors to rectify fault reports on PS51AA. This data, along with previously published information, could be used to make reasonable assumptions about hourly labour rates. As market sensitive information, this could

Defence Equipment & Support

then be exploited by commercial competitors to undercut the contractor when bidding for similar work.

Given the arguments described above, on balance, it was determined that the information should be withheld. The level of prejudice against release of this exempted information has been set at the higher level of "would" rather than "would be likely to".

If you have any queries regarding the content of this letter, please contact this office in the first instance. If you wish to complain about the handling of your request, or the content of this response, you can request an independent internal review by contacting the Information Rights Compliance team, Ground Floor, MOD Main Building, Whitehall, SW1A 2HB (e-mail CIO-FOI-IR@mod.gov.uk). Please note that any request for an internal review should be made within 40 working days of the date of this response.

If you remain dissatisfied following an internal review, you may raise your complaint directly to the Information Commissioner under the provisions of Section 50 of the Freedom of Information Act. Please note that the Information Commissioner will not normally investigate your case until the MOD internal review process has been completed. The Information Commissioner can be contacted at: Information Commissioner's Office, Wycliffe House, Water Lane, Wilmslow, Cheshire, SK9 5AF. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website at <https://ico.org.uk/>.

Yours sincerely,

DE&S Secretariat
