Alert Number	2102-0136
Product Type	Machinery – Chain Saw Discs
Product Identifiers	Item 61838, 5/8" centre, 14,000RPM max ASIN: B08HQY5Q3T
Product Description	4 inch angle grinder chainsaw disc with 22-teeth, for wood carving, cutting and shaping. Fits 4 or 4 ½ inch angle grinders. Pack of 3. Yellow.
Country of Origin	China
Counterfeit	No
Risk Level	Serious
Risk Type	Injuries
Risk Description	The product is marketed for use on an angle grinder, which converts the product into a hand-held circular saw. The relevant standard requires that instruction manuals for angle grinders specify that the product should not be used with a chain or toothed saw blade, as this can cause a kickback or loss of control over the power tool. If a chain saw disc is used with a hand-held angle grinder, this presents a serious risk of injuries. When the blade is used in an angle grinder, as advertised, this creates a machine that does not meet the requirements of the Supply of Machinery (Safety) Regulations 2008.
Corrective Measures	N/A
