Export Health Certificate for bovine meat to Chile

-pui ui									
	II. Health inf	ormation		II. a. Certificate reference number	II .b. Unique reference number:				
				•••••					
	I, the under	rsigned official v	veterinarian, certify the following:						
	II.1.	the UK is officia	ally free from foot and mouth disease without vaccination and contagious bovin	ne					
		pleuropneumonia.							
	II.2		has been obtained from animals that:						
	Either	[II.2.1.	Have remained in the territory described under point II.1 since birth before slaw						
E	Or	[II.2.1. Have remained at the holding of origin for at least 40 days before direct dispatch to the slaughterhouse].							
Ë		II.2.2.	Come from holdings placed under the supervision of the competent authority	and approved for export.					
Part II: Certification		II.2.3.	Have shown no evidence of disease when leaving the holding of origin on the	e basis of food chain information received with the anim	als.				
Ē		II.2.4.	Have been transported from their holding in vehicles that are legally required	d to be cleaned and disinfected before loading, to an app	roved slaughterhouse without contact with other				
ΞI			animals which did not comply with the conditions requested by Chile.						
ē		N.2.5.	Have passed ante-mortem and post-mortem inspection and have shown no sig	gn of disease.					
<u> </u>	II.3	The slaughterhor	use and cutting plants						
H	-	II.3.1.	Are under permanent supervision of an official veterinarian and are in complia	ance with Section 1 Annex III to Regulation (EC) 853/2	2004 and Annex I to Regulation (EC) 854/2004				
t		П.З.2.							
a			Are approved by SAG (1) according to the applicable provisions and fulfil the						
		II.3.3.	Only slaughter animals and store meat from countries or regions with the same						
		II.3.4.	Keep, at least for 2 years, the Animal Health certificate which includes the da		d health certification indicating that before				
			scheduled departure the animals had not shown clinical signs of infectious or o	contagious disease.					
	II.4	The meat to be e	exported:						
		II.4.1.	Has been obtained, stored and transported in compliance with the specific hys	giene rules laid down in Regulation (EC) 853/2004.					
	II.5	The transport an	ad packing of the meat:						
		II.5.1	Transport from the slaughterhouse to the UK point of exit has been carried ou	ut in vehicles that ensure the maintenance of the temper	ature between 0° C and 4° C for chilled meat and				
			under -12° C in the case of frozen meat.	*					
_		II.5.2	The meat have been packed using new containers closed with an official seal	that guarantees that, after opening, the evidence of its o	pening remains clear and easy to check.				
		II.5.3	The packaging complies with Et Mabelling legislation.		pening remains erem				
		11.3.3	The packaging complex with her doeling wastation.
