Alert Number	2110-0101
Product Type	Hobby / sports equipment - Diving Accessories/Equipment
Product Identifiers	Batch No: 854/19 Model code: 1.8397258, 2.8485008, 3.8399225 Article code: 1. 2354572 2. 2532535 3. 2364401
Product Description	Scuba diving equipment which includes an analogue pressure gauge and analogue manometer and integral depth gauge, (these measure and pressure including depth, and their associated regulators and hoses.
Country of Origin	France
Counterfeit	No
Risk Description	Following an inspection by the authorities in the EU, the manometer did not pass the EN 250 standard, on the test at usage pressure (300 bars). This can create a potential risk of leakage from the pressure gauge to the pressure reducer. The product does not meet the requirements of the General Product Safety Regulations 2005.
Corrective Measures	The product has been recalled from end users. For more information, please see https://www.decathlon.co.uk/static/product-recall/pdf/P210156-MANOMETRE-product-recall.pdf (opens in new tab)
