

**EXPORT OF CANINE SEMEN TO CROATIA  
NOTES FOR GUIDANCE (NFG) FOR OFFICIAL VETERINARIANS AND  
EXPORTERS**

This document should not be read as a standalone document but in conjunction with 9030EHC.

**1. SCOPE OF THE CERTIFICATE**

This certificate may be used for the export of canine semen where the certification takes place in Wales, Scotland or England, i.e. in Great Britain only.

**2. COMPLETING THE EXPORT HEALTH CERTIFICATE (EHC) FORM**

**I. Information concerning the donor animal**

This certificate should not be used for more than one animal donor at a time.

**IV. Information concerning the semen**

We have not received clarification on what details must be provided under preservatives and antibiotics. All ingredients for diluents and extenders and the process of preparation should be provided or advice from the Croatian authorities should be sought.

**V.** The microchip number should be listed if present.

**VI.** Approved Storage: the approval referred to is a Balai approval issued by the APHA.

**3. CERTIFICATION**

The basic principles of certification apply. Please note that this certificate is taken from an English translation provided by Croatia and the English text is therefore constrained by that model certificate.

**4. DISCLAIMER**

This certificate is provided on the basis of information available at the time and may not necessarily comply fully with the requirements of the importing country. It is the exporter's responsibility to check the certificate against any relevant import permit or any advice provided by the competent authority in the importing country. If these do not match, the exporter should contact the APHA Centre for International Trade, in Carlisle, via the link below.
