Alert Number	2201-0166
Product Type	Toys – Children's Toy Storage Box
Product Identifiers	Batch number - SI-TY 1118
Product Description	A foldable child's storage box which can also be used as a child's seat (Ottoman). The product measures 60 x 30 x 35cm with MDF constructed sides covered by colourful, printed polypropylene plastic material and a padded, foam filled lid.
Country of Origin	China
Counterfeit	No
Risk Level	High
Risk Type	Asphyxiation and Burns
Risk Description	The product poses a high risk of asphyxiation and burns. The product failed testing, as any toy having a door, lid or similar device which encloses a continuous volume greater than 0.03m ³ and which all internal dimensions are 150mm or more, shall provide at least 2 ventilation holes, each at least 650mm ² or more, situated at least 150mm apart. A child can be completely entrapped within this product, presenting an asphyxiation hazard, as there are no ventilation holes. Additionally, test flame applications made to the red lid covering resulted in the ignition of the sample/filling material. The behaviour was considered extremely/highly flammable type and a child may receive burns should the product catch fire. This product does not meet the requirements of the Toys (Safety) Regulations 2011.
Corrective Measures	Recall of the product from end users. Further information can be found at https://eswholesales.co.uk/important-safety-warning-product-recall-notice-in-accordance-with-s53-of-the-toy-safety-regulations-
