Report 23 – Published 11th June 2021

Hansan Antibacterial Hand Sanitiser	
Aspect	Details
Images	
Alert Number	2105-0137
Product Type	Hand sanitiser
Product Identifiers	Barcode number: 5060371293413 Best before/end date: 08/2022
Product Description	Transparent 100ml plastic container with self-closing cap that is available in a variety of different bottle shapes, caps and labelling. The product comes in a variety of bottle types and different coloured lid (cap) options.
Country of Origin	United Kingdom
Counterfeit	No
Risk Level	Serious
Risk Type	Health
Risk Description	Hansan antibacterial hand sanitisers containing propan-2-ol alcohol as the active ingredient have been identified as not containing sufficient concentrations deemed to be effective to sanitise. The product contains an insufficient amount of isopropyl (measured values: 17.3%-56.1% v/v) which is less than the WHO recommended minimum and presents a serious risk to health, as bacteria or viruses are not killed and can subsequently infect the user. Additionally, the presence of alcohol is not accompanied by the

	appropriate hazard pictograms and warnings. The product therefore does not meet the requirements of the Biocidal Product Regulations 2013 or the European Regulation (EC) No 1272/2008 on classification, labelling and packaging of substances and mixtures as amended and retained in GB.
<b>Corrective Measures</b>	The authority are requiring the recall of the product from end users.
<b>Online Marketplace</b>	N/A
<b>Notifier</b>	Local Authority Trading Standards
