

THE EMPLOYMENT TRIBUNAL

BETWEEN:

Miss S Neukom

Claimant

and

Patrick Basanez

Respondent

JUDGMENT

The claim is struck out.

REASONS

1. A preliminary hearing was held in this matter on 25 January 2019. The claimant was ordered to write to the Tribunal and the respondent no later than 15 February 2019 confirming what claims, if any, she wished to pursue. No such notification was received by the Tribunal.
2. On 10 February 2022 the parties were ordered to update the Tribunal on the status of the case and whether it is being actively pursued. They were advised that if there was no reply the claim would be struck out.
3. No reply was received nor any other communication from the parties.
4. It is apparent that the claimant is not actively pursuing her claim and accordingly it is struck out.
