Planned improvements for 2019-20

Update Performance Report to reflect best practice

- Carry out a full review against the principles set out in the Financial Reporting Review
- Emphasise these principles to contributors to ensure the document is cohesive in tone and content

Planned improvements for 2019-20

Update Performance Report to reflect best practice

- Using clear language, design choices and graphics
 - Standing text will be reviewed to ensure it uses clear and simple language
 - Use of headings and subsections to allow users to easily find the specific information they require

Planned improvements for 2019-20

Update Performance Report to reflect best practice

- Visual presentation of data
 - Visual summaries of each key area to provide an effective overview
 - Infographics, rather than text, will be the primary way to present information

Planned improvements for 2019-20

Public Accounts Committee recommendations

- Include estimated expenditures on EU Exit and Covid-19
- Set out HMT's approach to managing fiscal risk, including in the Local Government sector
- Draw on OBR projections to bring a forward-looking element into the Performance Report, and give additional context to key liabilities
- Present a snapshot of the work of the Government Finance Function

Planned improvements for 2019-20

HMT Audit Committee areas of interest

- Maturity of debt
- Maturity of provisions
- Effect of future interest rate movements
- Climate change

Next year: WGA 2020-21

Plan for WGA 2020-21

- Timetable will again be impacted by:
 - Central government departments laying accounts later than usual
 - Ongoing issues with timely production of local authority accounts
- Planned improvements:
 - Improve the experience for users, including by updating and improving the Data Collection Tool
 - Consolidation and audit timetable will be brought forward with the hope of publishing earlier than 2019-20 (subject to timely data)
