International Trade

**Strategic Export Controls: Country  
Pivot Report**

1st October 2019 - 31st December  
2019

April 2022

**Countries:** All countries

**Case Types:** All case types

**All Cases / Incorporation Cases Only:** All cases

**Ultimate Destinations:** All countries

**Licence Statuses:** All licence statuses

**Reasons for Refusal:** All reasons for refusal

**Case Summaries:** All case summaries

**Ratings:** All control entries

## Introduction

This report covers **export licensing decisions made by Her Majesty's Government (HMG)** between 1st October 2019 and 31st December 2019. Licence applications are submitted to and processed by the Export Control Organisation (ECO), part of the Department for International Trade, through a purpose-built online licensing system called Spire. The ECO issues licences for controlling the export of strategic goods.

Whether or not an export licence is required is determined by four factors, the:

- nature of the goods due to be exported
- destination concerned
- ultimate end use of the goods
- licensability of trade activities of the goods due to be exported

Broadly there are two types of licence, individual and general. Licences can be *standard* or *open*.

Each licence names the goods that can be exported and specifies the destinations to which they can be exported, along with other details and restrictions. *General* licences are pre-published and can be used by all eligible exporters whereas *individual* licences are issued following a successful application and allow only those named on the application to export certain goods. Those exporting under *general* licences must adhere to the terms and conditions of the licence under which they wish to export. Exporters must register with the ECO to use a *general* licence and are subject to regular audits to ensure the licence terms and conditions are being adhered to. Those requiring an *individual* licence must submit an application to the ECO where they wish to make exports not covered by the terms and conditions of a *general* licence.

Generally, *open* licences can be used with fewer restrictions than *standard* licences. *Standard* licences tend to name a specific quantity of specific goods that can be exported to a specific destination whereas *open* licences may include a wider range of goods or destinations and generally do not limit the quantity of goods that can be exported.

**A glossary of key terms follows this introduction** which explains the various licence types and subtypes that can be used or applied for and how information relating to each licence type and subtype is available within this report.

## This report and other sources of information

Each of these quarterly reports (from 2015Q1 published in July 2015) is supplemented by a set of *data tables* in spreadsheet format (plus CSV format) and a *statistical commentary* document in addition to this report. The *data tables* provide the same information as presented in this report but in a different format and for **periods back to 1 January 2008**. CSV spreadsheets use a non-proprietary format that facilitates the manipulation of the data by a variety of software (not just Microsoft Excel) and provide the same information as available from the *data tables*. These outputs can be found alongside this report under the 'Quarterly reports' heading here:

<https://www.gov.uk/government/collections/strategic-export-controls-licensing-data>

The 'New Report' tool on the "Strategic Export Controls: Reports and Statistics" web page can also be used to download data. The tool offers a variety of filters that can be applied to allow users to download data of specific interest, such as licences which name a certain destination or licences for the shipment of goods with a certain rating. The tool is available here (registration required):

<https://www.exportcontroldb.trade.gov.uk/sdb/fox/sdb/SDBHOME>

## Key terminology and data available in this report

Licences types exist for each combination of *open/standard* and *general/individual* , except for *standard general* . The following table summarises the licence types under each of these headings. Each of these licence type has subtypes (more information available under 'Licence types and subtypes').

	Open	Standard
General	OGELs	Not applicable
Individual	OIELs, OITCLs,	SIELs, SITCLs

## Key terms

**Strategic goods** include military goods and a wide range 'dual-use' goods; civilian goods with a military purpose. Goods are assessed against a **consolidated list of goods that require export authorisation**, available here:

<https://www.gov.uk/government/publications/uk-strategic-export-control-lists-the-consolidated-list-of-strategic-military-and-dual-use-items-that-require-export-authorisation>

It is possible for a licence to be for both military and dual-use goods.

**Control Entries** are the codes assigned to each good on the **consolidated list of goods that require export authorisation (herein 'consolidated list')**. For example, all control entries beginning 'ML' (such as ML1, ML8 etc) are control entries for military goods. The process of assigning control entries to goods is called **Rating**.

In some cases goods can be made subject to control if they do not appear on the **consolidated list**. Goods that the exporter has been told, knows or suspects are, or may be, intended for "WMD Purposes" are given the rating "End-Use". Goods that the exporter has been told, knows or suspects are, or may be, intended for use as components in, or production or test equipment for, military equipment in an embargoed destination; or may be intended for use as parts of military goods illegally obtained from the UK, irrespective of destination, are given the rating "MEND". Both of these "end-use" ratings are also sometimes referred to as "catch all" ratings.

**Case summaries** are text descriptions used to classify goods on licences. They are standardised descriptions to explain what the goods are without giving away commercially sensitive details about the goods (such as design or intellectual property). Using standardised descriptions also facilitates comparison and analysis. Often extra detail is communicated by using prefixes. For example, a replacement part for a sporting shotgun may be described as "components for sporting shotguns" rather than just "sporting shotgun".

One or more Control Entry can be used to rate more than one good on a licence. Also, one or more Case Summaries can be used to describe a single Control Entry.

Goods are rated as **Military** (ie, they are assigned a Control Entry from the **UK Military List** within the **consolidated list** ) or they are rated as being **Non-military**. Non-military goods:

- appear on other lists within the **consolidated list** , such as the **UK Dual-Use List** .
- also include goods refused to destinations that are placed under **sanctions**, such as trade sanctions or an arms embargo. Licences relating to the goods affected by the sanction do not get approved but also do not get rated against the **consolidated list**. They are instead rated with a **sanction code**, such as 'RUS' for Russia and 'IRN' for Iran.

**SIELs for goods covered by the torture regulation** (see "Licence types and subtypes") concern trade in certain equipment and products which could be used for capital punishment torture or other cruel, inhuman or degrading treatment or punishment. These are classed as non-military goods but appear separately to the statistics on licences for non-military goods. SIELs for goods covered by the torture regulation are therefore not

included in the count of non-military goods for other SIEL subtypes.

As noted, goods can also be rated even if they don't appear on the **consolidated list**.

Licence applications can be **Refused** (for standard individual licences) or **Rejected** (for open individual licences). Licences are refused/rejected for one or more pre-specified reasons. All applications for licences are assessed on a case-by-case basis against the **Consolidated EU and National Arms Export Licensing Criteria** and a decision made on either approval or refusal. Depending on the nature of the goods, other policy aspects might also be considered. For example, if the exported goods are due to be incorporated into another system, equipment or plant, then the items are also assessed against the UK's incorporation factors policy.

Applications for licences can be refused if it is deemed to fail one or more of the Consolidated EU and National Arms Export Licensing Criteria. These 8 criteria include, for example, *Preservation of regional peace, security and stability (criterion 4) or Respect for the UK's international obligations and commitments, in particular sanctions adopted by the UN Security Council or the European Union, agreements on non-proliferation and other subjects, as well as other international obligation (criterion 1)*. More information about the criteria is available here:

<https://www.gov.uk/government/publications/consolidated-eu-and-national-arms-export-licensing-criteria>

Licences can also be **Revoked** at any time after being Issued.

**Case & goods footnotes** are added to certain cases to provide explanation on the end use and/or end user.

**Country footnotes** are added to destinations with the aim to help the user understand why certain goods may have been approved, refused/rejected or revoked in the period.

## Licence types and subtypes

### Export Licences

#### General Licences

Before data are presented per destination, a table summarises the use of **Open General Export Licences (OGELs)** on page 15. OGELs are pre-published licences allowing the export of certain goods to certain destinations. If exporters are eligible to trade under an OGEL then they should register to use that OGEL. Once registered, there is no need for an exporter to submit further applications to trade under the licence they have registered to use.

Some Open General Transshipment licences exist for the **transshipment** of certain goods through the UK en-route from one country to another, providing in all cases that the relevant conditions are met.

There are no Open General licences for the **incorporation** of goods into another product or higher level systems.

#### Individual Licences

The vast majority of this report presents information (where available) per destination relating to *standard individual* licences and open individual licences (SIELs, OIELs, SITLs, SITCLs and OITCLs). All destinations are presented in this report, and if information regarding certain licence types is not presented for a destination then this is because no decisions have been made on such licences in this period.

Exporters should check to see whether they are eligible to use an *open general* licence before applying for either a *standard individual* licence (eg SIEL, SITCL) or *open individual* licence (eg OIEL, OITCL), whichever is most appropriate.

#### Open Individual Licences

**Open Individual Export Licences (OIELs)** are *specific to an individual exporter and cover multiple shipments of specified items to specified destinations and/or, in some cases, specified consignees*. Licences permitting permanent export are generally valid for up to 5 years from the date of issue. However, OIELs covering the export to EU Member States of goods entered on the Military List and Dealer to Dealer OIELs (an OIEL subtype) are generally valid for 3 years.

##### Other OIELs:

There are several subtypes of OIELs including **Global Project Licences**, as well as **Dealer-to-dealer, Cryptographic, Media and Continental Shelf OIELs**.

**Dealer-to-dealer OIELs (or simply Dealer OIELs)** authorise UK registered firearms dealers to export certain categories of firearms and ammunition solely to other registered firearms dealers on the European Union only, provided that copies of valid documentation are forwarded to the Home Office at least 2 working days before each shipment.

**Cryptographic OIELs** authorise the export of specified cryptography hardware or software and the transfer of specified cryptography technology. These licences do not cover hardware, software or technology which includes certain types of cryptanalytic functions.

**Media OIELs** authorise the export of military helmets, body armour, non-military 4WD civilian vehicles with

ballistic protection and specially designed components for any of these items, mainly for the protection of aid agency workers and journalists in areas of conflict. The licence permits these goods to be exported to all destinations on a temporary basis only, i.e. the goods must be returned to the United Kingdom when no longer required.

**Continental Shelf OIELs** authorise the export of controlled goods to the UK sector of the Continental Shelf for the use only on, or in connection with, offshore installation and associated vessels.

## Global Project Licences

**Global Project Licences (GPL)** are a form of export licence that were introduced by Framework Agreement partners (UK, France, Italy, Sweden, Spain and Germany) to streamline the arrangements for licensing military goods and technologies between them, where these transfers relate to their participation in specific collaborative defence projects. In relation to the collaborative project, each Partner state will, as appropriate, issue their own GPLs to permit transfers of specified goods and technology where these are required for that programme. The GPLs operate on a similar basis to UK Open Individual Export Licences. In the UK, applications for GPLs are assessed against the Consolidated Criteria.

## Standard Individual Licences

**Standard Individual Export Licences (SIELs)** are specific to an individual exporter and generally allow shipments of specified items to a specified consignee up to the quantity specified by the licence.

There are 5 main subtypes; permanent, temporary, incorporation, transshipment and SIELs for Goods covered by the torture regulation.

- **Permanent SIELs** are for items that are for permanent export to a destination. They are generally valid for 2 years from date of issue.
- **Temporary SIELs** are for where the export is temporary, for example for the purposes of demonstration, trial or evaluation, and the licence is generally valid for one year only. The goods must be returned before the licence expires. Temporary SIELs can cover more than one destination and in such cases the licence will be counted once per destination. Therefore users should express caution when summing licence details together across countries.
- **Incorporation SIELs** are for goods that are due to be incorporated ie, installing them into another product or higher level system. For incorporation cases there are two end user types. The 'end user' is the person/organisation incorporating the goods. The 'ultimate end user' is defined as the entity that uses the product or the higher level system into which the exported goods are installed or incorporated.
- **Transshipment SIELs** are needed for the transshipment of certain goods through the UK en-route from one country to another, providing certain conditions are met. This subtype of SIEL is also called a Standard Individual Transshipment Licence (SITL). Most other transshipments (of certain goods through the UK en-route from one country to another) can be made under one of the Open General Transshipment Licences, provided in all cases that the relevant conditions are met. There are no Open Individual licences for transshipments.
- **SIELs for Goods covered by the torture regulation** concern trade in certain equipment and products which could be used for capital punishment, torture or other cruel, inhuman or degrading treatment or punishment. These are classed as non-military goods but appear separately to the statistics on licences for non-military goods. SIELs for Goods covered by the torture regulation are therefore not included in the count of non-military goods for other SIEL subtypes.

It should be noted that the refusal of an application for an OIEL, amendment to exclude a particular destination(s) and/or item(s), or the revocation of an OIEL, does not prevent a company from applying for a SIEL covering some or all of the items concerned to specified consignees in the relevant destinations. Clearly, however, the factors that led to the original decision would be taken into account in the decision on any such application.

## Other Individual Licences

Information on Other Individual licences is not included as part of this report, or as part of the Excel or CSV spread sheets released alongside this report. Please see separate documentation entitled 'Data for Other Licences' published alongside this, or previous, reports.

## Trade Control Licences

Trade Control licences are required for those brokering the export of strategic goods. Brokering means buying or selling, or arranging or negotiating transactions for the purchase, sale, or supply, of goods located in one third country for transfer to another. There are Open and Standard Trade Control licences

An **Open Individual Trade Control Licence (OITCL)** is *specific to a named trader and covers involvement in trading of a generally unlimited supply of specific goods between specific source and destination countries and/or specified consignors, consignees and end-users*. OITCLs are generally valid for 5 years.

A **Standard Individual Trade Control Licence (SITCL)** is specific to a named trader and covers involvement in trading of a set quantity of specific goods between a specific source and destination country with a specified consignor, consignee and end-user. SITCLs will normally be valid for 2 years. Upon expiry either by time or because the activity has taken place, the licence ceases to be valid and must be returned to the Export Control Organisation. Once the licence expires, a new application must be applied for if further trades are required. Like Individual Export licences, exporters should check to see whether they are eligible to use an OITCL before applying for a SITCL.

# Reporting

## Summary Tables

Before more detailed information is presented by destination on SIELs, OIELs, SITCLs and OITCLs, data summarising the number of licences Issued, Refused/Rejected and Revoked for each licence type within the period are presented.

Following this is some detailed information on Dealer OIELs, Cryptographic OIELs, Media OIELs, Continental Shelf OIELs and Global Project Licences - as generally there are not many of these per quarter so the information is best summarised for all destinations together in one table. Processing statistics are reported, similar to those presented per destination (see below). A table showing registrations, suspensions and de-registrations for the use of OGELs immediately precedes detailed information per destination.

## Information Per Destination

Information for each destination follows the same pattern. The minimum information provided for each destination is processing statistics. Where no such licences decisions were made in the period, there is simply no information presented for such cases.

### Processing statistics

The time calculated is the initial processing time, ie, the time elapsed from when the application is first received to when it is closed. All closed cases are counted, including those where the licence is issued or refused/rejected, or where the application is stopped or withdrawn, or where there was No Licence Required (NLR) decision made on the licence. Revocations apply to existing licences only, so are not counted. Time spent by the ECO waiting for documents from applicants or any time where the ECO are waiting for the applicant to respond to a request for further information is excluded. Time taken to make any amendments post-decision is not counted. For more information on how processing time is calculated, please consult the Quality and Methodology Report on the Strategic Export Controls licensing statistics web page:

<https://www.gov.uk/government/collections/strategic-export-controls-licensing-data>.

Separately for SIELs, SITCLs, OIELs and OITCLs the following processing statistics are presented per destination:

- Median processing time
- % and number of licences completed in 20 and 60 working days. For SIELs there are government targets to process 70% of applications within 20 working days and 99% within 60 working days. For OIELs and OITCLs there are government targets to process 60% of applications within 60 working days.

### Licensing statistics

The information within the report covers those licences Issued, Refused/Rejected or Revoked within the period. It does not include information where applications were not fully processed, eg stopped or withdrawn, information on goods where there was No Licence Required (NLR), or certain changes to an existing licence - such as re-opening an application to make changes such as extensions to licences, removing good/s (although this is not done for OIELs), removing country/countries, or amending applicant errors.

If goods / countries are added to an application and subsequently end up on a licence they will be reported as a new issue for that period. The existing items will not be re-reported. The same applies for items removed from an application on an amendment, except in this case it will be reported as revoked.

In a small number of cases there may be a subsequent change of status during the same period. There are two

main reasons for such changes: a licence issued during the period may have been issued then subsequently revoked in the same period, for example because of the imposition of trade sanctions or an arms embargo; or a decision during the period to refuse a licence might be overturned because the applicant later appealed successfully and the licence was issued in a later period. These cases are flagged in this report as Rv and A respectively.

For each destination and for each of Issued, Refused and Revoked the following is data is presented in this report, where available, for each **SIEL** subtype (note: information on SITLs can be found under the heading 'SIELs - Transshipment'):

- A count of the number of licences on which goods were Issued, Refused or Revoked categorised by the type of goods; Military, Non-military or Both Military and Non-military (see 'Key Terms'). Examples of when a licence may be for both military and non-military goods could be where the goods are military body armour and civilian body armour, or where bomb detection goods are being sold for use by the military and for civilian use such as at airports. However, the military and non-military goods will not necessarily be of the same type.
- A count of the number of licences on which goods were Issued, Refused or Revoked per Control Entry. Control Entries are presented per category (Military, Non-military or Both Military and Non-military) based on the licence they relate to. The number given is the number of licences on which a Control Entry was used. Please note that more than one Control Entry can apply to goods on an individual licence and each Control Entry is counted only once per individual licence (regardless of the number of goods that have been rated with that Control Entry).
- Data for Issued SIELs includes the value of the goods in each category. However, note that goods covered by issued SITLs merely pass through the UK and it would therefore be misleading to compare the 'value' for these licences in the report with the value of items originating in the UK.
- Case summaries for each of Issued, Refused and Revoked broken down by category (Mil/Non-mil/Both), listed below the appropriate Control Entry table in which they feature. Case summaries for small arms covered by SIELs issued in the period give the number of units in parentheses. If the number of licences using the case summary in the period is more than one then this is also detailed in parentheses (eg "2 licences"). Items that were allowed for Temporary export are indicated by a "T" preceding the description. Items that were originally allowed for Temporary export but then converted to allow Permanent export are indicated by a "T(P)". Note that more than one Case Summary can apply to a single Control Entry. Note that more than one Case Summary can apply to a single Control Entry.
- The ultimate destination/s for goods that are being incorporated.
- For refusals, the number of times each of the 8 Consolidated EU and National Arms Export Licensing Criteria are used to refuse licence applications for the destination is provided.

The Control Entries supplied are less detailed than those listed in the **consolidated list of goods that require export authorisation**. For example, we report ML1 but there are more specific codes such as ML1a, ML1b, ML1c and ML1d. Here is an example to explain how we would count the number of licences containing goods rated ML1:

<b>Issued licences for a given destination</b>	<b>Control Entries applied to goods on licence</b>
Licence 1	ML1a, ML1a, ML1b, ML1c
Licence 2	ML1a, ML2a
Licence 3	ML1a
Licence 4	ML1c
Licence 5	ML2a
<i>Total number of licences containing goods rated ML1</i>	<b>4</b>

In the example the number of licences containing goods rated ML1 is 4 because the more detailed codes (eg ML1a, ML1b etc) are treated as though they are the broader code ML1. Also, each Control Entry is counted a maximum of once per licence, so licence 1, 2, 3 and 4 each have a count of 1 for ML1.

The data on refused SIEL applications does not include those refused during this period following an appeal against an earlier refusal. The SIELs data also does not cover goods that were removed from an application before a licence was issued, applications that were withdrawn or stopped before a decision was reached, or applications where it was determined that no licence was required or that the goods could be exported to the

destination concerned under an Open General Export Licence (OGEL).

In the case of SIELs refused or revoked, only the rating of the goods is provided.

Values are shown to the nearest pound. It should be noted that the actual value of exports made under the licences is likely to be less than shown because some of these licences will not be used to make all of the exports authorised and others will not be used at all. In addition, some items are exported only temporarily and are later returned to the UK.

In some cases SIELs may be issued identifying more than one destination. This normally arises where a licence is issued for the temporary export of items for exhibition or demonstration in more than one destination. Details of these licences are included in the information for each relevant destination. This means that the total number of SIELs issued is lower than the sum of all SIELs issued shown across all the destination pages.

For each destination and for each of Issued, Refused and Revoked the following data is presented in this report, where available, for each OIEL subtype:

- A case summary description of the goods covered by each OIEL, with the items that were allowed for temporary export indicated by a "T" preceding the description, for Issued, Rejected and Revoked licences.

Case summaries are provided for all licences issued in the period or where the coverage of an existing licence was amended during the period by the inclusion or reinstatement of this destination or by the addition of goods. Case summaries are provided for licences fully revoked, refused in full or whose coverage was amended during the period by the removal of items and/or destinations. The destination coverage of an OIEL may be amended for a variety of reasons, but mainly in the light of recommendations received from advisory government departments. Sometimes amendments follow the imposition of an arms embargo, but they may also reflect general concerns about the destination or a relevant change in circumstances there. A decision to exclude a particular country from the coverage of an OIEL does not mean that country is permanently excluded. Where the concerns that led to the original decision are no longer relevant, it might be decided to reinstate that destination.

The OIELs data does not cover applications from which specific goods or destinations were removed before an OIEL was issued, or applications withdrawn before a decision was reached, it was determined that no licence was required or that the items could be exported to the destination concerned under an OGEL.

The information does not cover OIELs whose period of validity was extended temporarily during the period pending a decision on an application for a new OIEL. Such cases amount to a temporary extension of an OIEL granted in an earlier period. The decision on the new application will be covered in this or a future report, depending on the timing of the decision. As OIELs cover multiple shipments of specified goods to specified destinations or specified consignees, exporters holding OIELs are not asked to provide details of the value of goods they propose to ship under an OIEL and it is therefore not possible to provide information on the total value of OIELs issued.

As well as the data presented on SIELs and OIELS, data is presented on **SITCLs and OITCLs**:

- The number of SITCLs or OITCLs (presented separately) Issued, Refused (for SITCLs)/Rejected (for OITCLs) and Revoked in the period

## Overall Licensing Statistics

	All licence applications	Issued	Refused/ Rejected	Revoked
SIELs	2730	2663	65	2
- Permanent Standard	2348	2284	62	2
- Temporary Standard	145	145	0	0
- Transshipment	1	1	0	0
- Incorporation	228	225	3	0
- For goods covered by the torture regulation (Permanent or Temporary)	8	8	0	0
SITCLs	13	12	1	0
OIELs	49	46	3	0
- Standard	42	39	3	0
- Dealer-to-dealer	7	7	0	0
- Cryptographic	0	0	0	0
- Media	0	0	0	0
- Continental Shelf	0	0	0	0
Global Project Licences	0	0	0	0
OITCLs	6	6	0	0

### Table notes for licensing statistics table:

SIEL and OIEL sub-types are mutually exclusive. SIEL Transshipments and Incorporations are permanent, but counted separately to Standard Permanent and Standard Temporary licences. Counts of licence applications Issued, Refused/Rejected and Revoked count the decisions made during the period on the licence, whenever the case has been closed or re-opened then re-closed.

## Overall Processing Statistics

### Processing statistics covering the period 1st October 2019 to 31st December 2019

	Applications completed in 20 working days	% applications completed in 20 working days	Applications completed in 60 working days	% applications completed in 60 working days	Median processing time
SIELs	2434	67	3408	94	15 days
- Permanent Standard	2145	67	3014	94	15 days
- Temporary Standard	124	75	155	93	12 days
- Transhipment	4	80	4	80	9 days
- Incorporation	161	64	228	91	16 days
- For goods covered by the torture regulation (Permanent or Temporary)	0	0	7	88	41 days
SITCLs	19	73	25	96	13 days
OIELs	20	27	42	58	48 days
- Standard	7	12	26	46	65 days
- Dealer-to-dealer	12	80	15	100	3 days
- Cryptographic	n/a	n/a	n/a	n/a	n/a
- Media	n/a	n/a	n/a	n/a	n/a
- Continental Shelf	1	100	1	100	3 days
Global Project Licences	n/a	n/a	n/a	n/a	n/a
OITCLs	2	22	5	56	36 days

## Open General Export Licences (OGLs)

OGLs can be used to export certain goods to certain destinations providing the terms and conditions of the OGL are met. See further information on military goods OGLs (<https://www.gov.uk/military-goods-ogels>) and dual-use goods OGLs (<https://www.gov.uk/dual-use-open-general-export-licences-explained>).

OGL Name	Registrations in this period	Suspensions in this period	Deregistrations in this period
Virtual EU	0	0	0
General Trade Licence Russia Sanctions, Aviation Insurance	0	0	0
EU GEA 2019/125	0	0	0

## Dealer to Dealer (Dealer) Open Individual Export Licences (OIELs)

The following is a list of the items that have been authorised for export to the following destinations only:

Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden

No of Licences Issued	Goods Summary
7	blank/inert ammunition, components for pistols, components for sporting guns, components for sporting shotguns, components for weapon sights, pistols, shotgun ammunition, small arms ammunition, smoke/pyrotechnic ammunition, sporting guns, sporting shotguns, training blank/inert ammunition, training small arms ammunition, training smoke/pyrotechnic ammunition, weapon sights

# Afghanistan

## Processing Statistics (excluding amendments)

Median processing time SIELs	20 days
% and number of SIELs completed in 20 working days	50% (5)
% and number of SIELs completed in 60 working days	90% (9)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	8	£3,134,742
Non-military	2	£51,920
Total	10	£3,186,662

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML4	1	£88,781
ML6	3	£2,961,382
ML10	1	£0
ML13	3	£84,580

all-wheel drive vehicles with ballistic protection [See footnote 2].  
 body armour (3 licences) [See footnote 1].  
 components for all-wheel drive vehicles with ballistic protection.  
 components for body armour (3 licences) [See footnote 1].  
 components for military aircraft ground equipment.  
 military helmets (3 licences) [See footnote 1].  
 military improvised explosive device decoying/detection/disposal/jamming equipment.  
 Rv military support vehicles.

Rv - Some or all of which have subsequently been revoked.

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	2	£51,920

civil explosive detection/identification equipment (2 licences).

#### Country Footnotes

1. Arms embargo sanctions in place for Afghanistan apply to those individuals, groups, undertakings and entities designated under the criteria stated in UN Security Council Resolution 2255 (2015), whose names are held on the list established pursuant to UN Security Council Resolution 1988 (2011). The EU implements these measures through Council Decision 2011/486/CFSP, as amended; as well as Council Regulation (EU) No 753/2011, as amended.
2. The Afghanistan (Sanctions) (EU Exit) Regulations 2020, which fully came into force on 31 December 2020, implement UK obligations under United Nations Security Council Resolution 2255 (2015). The Regulations impose trade sanctions prohibitions and requirements which apply to the trade in military goods and military technology, which is to, or for the benefit of a designated person as well as the provision to, or for the benefit of a designated person of certain services which enable or facilitate the conduct of armed hostilities in Afghanistan. The Regulations make provision in respect of exceptions that apply and licences that may be available, in respect of prohibitions under this regime.

#### Case & goods Footnotes

1. Licence granted for personal protective equipment. Humanitarian / international organisation end use.
2. Licence granted for personal protective equipment. Humanitarian / international organisation end use.

5A002	1	£121,463
5D002	1	£0
5E002	1	£105
6A003	1	£6,497

imaging cameras.  
information security equipment.  
software for information security equipment.  
technology for information security equipment.

### Country Footnotes

1. The UK interprets the OSCE arms embargo for Armenia as prohibiting the export of any military goods or technology to any person, or to any destination, in Armenia. It has been UK practice occasionally to make an exemption in its interpretation of the embargo by approving exports of non-lethal military goods to humanitarian, media or peacekeeping organisations, where it is clear that the embargo was not intended to prevent those exports and there is a strong humanitarian case for them.

## Aruba

## Processing Statistics (excluding amendments)

Median processing time SIELs	6 days
% and number of SIELs completed in 20 working days	100% (1)
% and number of SIELs completed in 60 working days	100% (1)

Total	9	£1,219,665

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML13	2	£9,909

body armour [See footnote 2].  
bomb suits [See footnote 1].  
components for body armour [See footnote 2].  
military helmets [See footnote 1].

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1C230	1	£12,000
2B350	1	£4,091
5A002	3	£772,115
5D002	2	£28,090
5E002	2	£74,130
6D003	1	£256,820
7A003	1	£62,510

beryllium.  
corrosion resistant chemical manufacturing equipment.  
high performance air traffic control software.  
inertial equipment.  
information security equipment (3 licences).  
information security software.  
software for information security equipment.  
technology for information security equipment (2 licences).

### Country Footnotes

1. The UK interprets the OSCE arms embargo for Azerbaijan as prohibiting the export of any military goods or technology to any person, or to any destination, in Azerbaijan. It has been UK practice occasionally to make an exemption in its interpretation of the embargo by approving exports of non-lethal military goods to humanitarian, media or peacekeeping organisations, where it is clear that the embargo was not intended to prevent those exports and there is a strong humanitarian case for them.

### Case & goods Footnotes

1. Licence granted for explosive detection / disposal purposes. Academic / civilian end users.
2. Licence granted for testing and evaluation by the potential end user. Commercial end use.

## Azores

### Processing Statistics (excluding amendments)

5D002	1	£0
5E002	2	£365
6A001	1	£50,408
6A003	3	£131,130
7A003	1	£126,143
7A103	2	£65,000
7E101	1	£10
8C001	1	£53,170
FR AI	1	£207,250

T	civil explosive detection/identification equipment (3 licences). corrosion resistant chemical manufacturing equipment. electronics cooling fluids (2 licences). enriched uranium. imaging cameras (2 licences). imaging cameras. inertial equipment (3 licences). information security equipment (4 licences). marine position fixing equipment. metal alloys in powder form. small arms ammunition [See footnote 3]. software for information security equipment. syntactic foam. technology for inertial equipment. technology for information security equipment (2 licences).
---	---

### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
FR AI	1	£3,500
ML1	1	£2,600

sporting guns (2).  
sporting shotguns (2).

### SIELs - Incorporation

#### Issued

Types of goods on licence	No. of licences	Value
Military	8	£574,695
Total	8	£574,695

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML10	7	£224,695
ML11	1	£350,000

components for aircraft military communications equipment (2 licences).  
 components for combat aircraft (2 licences).  
 components for military support aircraft.  
 components for military training aircraft.  
 military aircrew life support equipment (2 licences).  
 military guidance/navigation equipment.

The items being incorporated in this destination are ultimately destined for all or some of the following:

Chile  
 Turkmenistan

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	T	acoustic seabed survey equipment, components for inertial equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment [See footnote 1]

#### Case & goods Footnotes

1. Licence granted for commercial end use.
2. Licence granted for goods which will be returned to the UK. Law enforcement agency end use.
3. Licence granted for leisure / hunting / sporting purposes, including use by athletes in training and competition.

## British Antarctic Territory

### Processing Statistics (excluding amendments)

Median processing time SIELs	8 days
% and number of SIELs completed in 20 working days	100% (2)
% and number of SIELs completed in 60 working days	100% (2)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

## SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

### Issued

Types of goods on licence	No. of licences	Value
Non-military	1	£11,405
Total	1	£11,405

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry');

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
PL8001	1	£11,405

devices for initiating explosives.

## British Virgin Islands

### Processing Statistics (excluding amendments)

Median processing time SIELs	13 days
% and number of SIELs completed in 20 working days	75% (3)
% and number of SIELs completed in 60 working days	100% (4)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

Median processing time OIELs	134 days
% and number of OIELs completed in 20 working days	0% (0)

% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

## SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

### Issued

Types of goods on licence	No. of licences	Value
Non-military	3	£679,916
Total	3	£679,916

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry');

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5A002	2	£37,176
8A001	1	£399,645
8A002	1	£243,095

information security equipment (2 licences).  
submersible equipment.  
submersible vehicles.

#### OIELs (excluding Other OIELs)

##### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	T	acoustic seabed survey equipment, components for inertial equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment [See footnote 1]

#### Case & goods Footnotes

1. Licence granted for commercial end use.

## Brunei

### Processing Statistics (excluding amendments)

Median processing time SIELs	7 days
% and number of SIELs completed in 20 working days	83% (5)
% and number of SIELs completed in 60 working days	100% (6)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

#### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

##### Issued

Types of goods on licence	No. of licences	Value
Military	1	£2,768
Non-military	3	£207,136
Total	4	£209,903

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry');

##### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML2	1	£2,768

components for mortars.

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£3,148
5D002	1	£174,888
8A002	1	£29,100

civil NBC protection equipment.  
 components for civil riot control agent protection equipment.  
 information security software.  
 submersible equipment.

## Bulgaria

### Processing Statistics (excluding amendments)

Median processing time SIELs	14 days
% and number of SIELs completed in 20 working days	91% (10)

% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

#### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

##### Issued

Types of goods on licence	No. of licences	Value
Non-military	3	£49,728
Total	3	£49,728

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where

the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry');

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£42,648
1A005	1	£180
6A003	1	£6,900

civil body armour.  
civil explosive detection/identification equipment.  
imaging cameras.

### Country Footnotes

1. All applications for exports to this destination were assessed against the Consolidated Criteria. During this period there were no developments in this destination which required a change in our assessments from the previous quarter.

## Central African Republic

### Processing Statistics (excluding amendments)

Median processing time SIELs	21 days
% and number of SIELs completed in 20 working days	50% (1)
% and number of SIELs completed in 60 working days	100% (2)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	1	£5,716
Non-military	1	£120,627
Total	2	£126,343

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry');

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML13	1	£5,716

military helmets [See footnote 1].

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5E002	1	£120,627

technology for information security equipment.

### Country Footnotes

1. UN Security Council Resolution 2127 (2013) established an arms embargo to restrict exports of arms, or related material, and of training, technical or financial assistance related to military activities; exemptions apply to some UN, humanitarian, peacekeeping and government entities. UNSCR 2454 (2019) extended the arms embargo until 31 January 2020. The EU implements these measures through Council Decision 2013/798/CFSP, as amended; as well as Council Regulation (EU) No 224/2014, as amended.

All exports for this destination were approved in accordance with the sanctions in place.

### Case & goods Footnotes

1. Licence granted for personal protective equipment. Humanitarian / international organisation end use.

## Chad

### Processing Statistics (excluding amendments)

Median processing time SIELs	13 days
% and number of SIELs completed in 20 working days	67% (2)
% and number of SIELs completed in 60 working days	100% (3)

### SIELs - Incorporation

#### Issued

Types of goods on licence	No. of licences	Value
Military	2	£15,710
Total	2	£15,710

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML11	2	£15,710

military guidance/navigation equipment (2 licences).

The items being incorporated in this destination are ultimately destined for all or some of the following:

Malaysia

#### Country Footnotes

1. A declaration by the Madrid European Council on 27 June 1989 established an arms embargo on China. The UK interpretation of this embargo applies to: lethal weapons such as machine guns, large calibre weapons, bombs, torpedoes, rockets and missiles; specially designed components of these items and ammunition; military aircraft and helicopters, vessels of war, armoured fighting vehicles and other such weapons platforms; any equipment which might be used for internal repression.

All licences for this destination were approved in accordance with the sanctions in place.

#### Case & goods Footnotes

1. Licence granted for personal protective equipment.
2. Licence granted for commercial end use.
3. Licence granted for explosive detection / disposal purposes.
4. Licence granted for academic / civilian end users.
5. Licence granted for commercial end use.

6. Licence granted for commercial end use.
7. Licence granted for manufacturing purposes. Commercial end use.
8. Licence granted for academic / civilian end users.
9. Licence granted for commercial end use.
10. Licence granted for commercial end use.
11. Licence granted for leisure / hunting / sporting purposes, including use by athletes in training and competition. Commercial end use.

% [as a % of all OIELs cases processed] and number of OIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transshipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	15	£1,367,811

Non-military	2	£5,192
Both Military and Non-military	1	£4,459
Total	18	£1,377,462

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	2	£486,499
ML3	2	£99,993
ML6	4	£187,473
ML7	2	£11,912
ML10	5	£578,735
ML13	1	£3,200

T  
 components for assault rifles.  
 components for body armour.  
 components for combat aircraft.  
 components for military training aircraft.  
 components for NBC detection equipment.  
 components for pistols.  
 components for tanks (3 licences).  
 components for weapon sights.  
 general military vehicle components.  
 military aircrew life support equipment (3 licences).  
 NBC detection equipment.  
 training small arms ammunition (2 licences).

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
PL9011	2	£5,192

rifles (1).  
 sporting guns.

### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	1	£4,420
PL9010	1	£39

pistols (1).  
 sporting guns (2).

### SIELs - Incorporation

### Issued

Types of goods on licence	No. of licences	Value
Military	6	£12,871
Total	6	£12,871

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML6	5	£12,462
ML10	1	£409

components for military aircraft head-up/down displays.  
general military vehicle components (5 licences).

The items being incorporated in this destination are ultimately destined for all or some of the following:

Burkina Faso  
Denmark  
France  
Slovakia

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	technology for depleted uranium, technology for materials containing depleted uranium, technology for materials containing enriched uranium, technology for materials containing natural uranium, technology for materials containing plutonium-239, technology for materials containing thorium, technology for materials containing uranium-233, technology for natural uranium, technology for nuclear reactor fuel element fabrication equipment, technology for nuclear reactors, technology for plutonium-239, technology for products containing enriched uranium, technology for thorium, technology for uranium conversion equipment, technology for uranium-233
2	P	body armour, components for body armour, military helmets

## Democratic Republic of Congo

### Processing Statistics (excluding amendments)

## SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

### Issued

Types of goods on licence	No. of licences	Value
Military	1	£2,805
Non-military	2	£195,599
Total	3	£198,404

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML13	1	£2,805

components for body armour.

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5A002	2	£194,776
5D002	1	£824

information security equipment (2 licences) [See footnote 1].  
information security software.

### Country Footnotes

- Following the adoption of UNSCR 1807 (2008), the UN arms embargo with respect to the DRC only applies to non-governmental entities and individuals. The embargo was most recently renewed through UNSCR 2478 (2019) which extended the arms embargo until 1 July 2020, and currently prohibits the supply, sale or transfer of arms and related materiel to all non-governmental entities and individuals operating in the DRC; some exports must be approved in advance by the Sanctions Committee. The EU implements these measures through Council Decision 2010/788/CFSP, as amended; as well as Council Regulation (EU) No 1183/2005, as amended.

All exports for this destination were approved in accordance with the sanctions in place.

### Case & goods Footnotes

- Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.

## Denmark

### Processing Statistics (excluding amendments)

- technology for submarines.
- technology for unfinished products for military aero-engines.
- training small arms ammunition.
- unfinished products for military aero-engines (3 licences).
- wall/door breaching projectiles/ammunition (2 licences).
- weapon mountings.

**Non-military**

Control Entry	No. of licences with goods rated using Control Entry	Value
0A001	1	£40,000
0C002	1	£0
0E001	3	£100,001
1C233	1	£6,546
PL9011	1	£6,721

- T components for nuclear reactors.
- devices containing enriched lithium.
- materials containing plutonium-239.

rifles (8).  
 technology for depleted uranium.  
 technology for enriched uranium.  
 technology for materials containing depleted uranium.  
 technology for materials containing enriched uranium.  
 technology for materials containing plutonium-239.  
 technology for materials containing uranium-233.  
 technology for nuclear fuel reprocessing equipment.  
 technology for nuclear reactor fuel element fabrication equipment (2 licences).  
 technology for nuclear reactors.  
 technology for plutonium-239.  
 technology for products containing depleted uranium.  
 technology for products containing enriched uranium (2 licences).  
 technology for products containing plutonium-239 (2 licences).  
 technology for products containing uranium-233.  
 technology for uranium conversion equipment.  
 technology for uranium-233.

### Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	1	£6,687
PL9011	1	£146

components for sporting guns.  
 sporting guns (3).

### SIELs - Incorporation

#### Issued

Types of goods on licence	No. of licences	Value
Military	30	£10,949,559
Total	30	£10,949,559

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML5	2	£97,006
ML6	1	£10,000
ML7	1	£13,562
ML10	16	£8,813,481
ML11	6	£759,447
ML16	4	£1,256,063
ML22	1	£0

components for electronic warfare equipment (2 licences).  
 components for military aero-engines (6 licences) [See footnote 3].  
 components for military aircraft head-up/down displays.

components for military combat vehicles.  
 components for military guidance/navigation equipment (3 licences).  
 components for military helicopters (6 licences).  
 components for military support aircraft (3 licences).  
 components for NBC protective/defensive equipment.  
 components for periscopes.  
 components for rangefinding equipment.  
 military guidance/navigation equipment.  
 technology for unfinished products for military aero-engines.  
 unfinished products for military aero-engines (4 licences) [See footnote 1].

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	4	£206,646
Non-military	3	£18,460
Total	7	£225,106

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	3	£204,066
ML21	1	£2,580

T  
 assault rifles (145).  
 command communications control and intelligence software.  
 components for sniper rifles.  
 sporting guns (1).

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
---------------	--	-------

PL9011	3	£18,460
--------	---	---------

sporting shotguns (1) (2 licences).  
sporting shotguns (3).

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	components for military support aircraft
2	P	technology for nuclear reactors
3	P	body armour, components for body armour, military helmets

## Iceland

### Processing Statistics (excluding amendments)

Median processing time SIELs	14 days
% and number of SIELs completed in 20 working days	57% (8)
% and number of SIELs completed in 60 working days	100% (14)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Military	3	£5,978
Non-military	6	£1,056,160
Both Military and Non-military	1	£4,053
Total	10	£1,066,191

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML1	3	£5,978

components for pistols.  
gun silencers.  
machine guns (1).  
pistols (1) (2 licences).  
sporting guns (2).  
T sporting guns (2).  
sporting shotguns (1).

## Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
2B352	1	£936,000
6A003	2	£111,833
FR AI	3	£8,328

biotechnology equipment.  
imaging cameras (2 licences).  
small arms ammunition.  
sporting guns (1).  
sporting shotguns (1).

## Both Military and Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
FR AI	1	£86
ML1	1	£3,433
ML3	1	£125
ML18	1	£34
PL9010	1	£375

components for pistols.  
equipment for the production of small arms ammunition.  
pistols (7).  
small arms ammunition.  
sporting guns (8).

## SIELs - Incorporation

### Issued

Types of goods on licence	No. of licences	Value
Non-military	1	£8,343
Total	1	£8,343

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

## Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
6A001	1	£8,343

marine position fixing equipment.

The items being incorporated in this destination are ultimately destined for all or some of the following:

China

# India

## Processing Statistics (excluding amendments)

Median processing time SIELs	17 days

7	1

### Country Footnotes

1. Following the implementation of the Joint Comprehensive Plan of Action, the flow of certain goods and services to Iran that were previously prohibited are now permitted. The restrictions currently in force with respect to Iran (counter proliferation) are set out in Council Decision 2010/413/CFSP, as amended, and EU Council Regulation (EU) No 267/2012, as amended. Measures include an arms embargo, which has one exemption for the export of non-combat vehicles with ballistic protection intended solely for protective use of EU and Member States personnel.

All exports for this destination were approved in accordance with the sanctions in place.

2. On 12 April 2011, the EU adopted additional sanctions on Iran in response to the deterioration of the human rights situation. Council Decision 2011/235/CFSP, as amended, and Council Regulation (EU) No 359/2011, as amended, includes restrictions on the supply of equipment which might be used for internal repression, as well as of monitoring and interception equipment.

All exports for this destination were approved in accordance with the sanctions in place.

## Country Footnotes

1. General trade sanctions against Iraq, except prohibitions related to the sale or supply of arms and related materiel, were revoked by the UN Security Council resolution 1483 (22 May 2003), implemented in UK legislation on 14 June 2003 by the Iraq (United Nations Sanctions) Order 2003 [S.I. 2003/1519]. UNSCR 1546 (2004) continues the embargo on arms and related materiel against Iraq, but provides exemptions for equipment required by the Government of Iraq to serve the purposes of UNSCR 1546 (2004). This is implemented in the EU with Common Position 2003/495/CFSP, as amended, Council Regulation (EC) No 1210/2003, as amended, and Council Regulation (EEC) No 3541/92.

All exports for this destination were approved in accordance with the sanctions in place.

## Case & goods Footnotes

1. Licence granted for explosive detection / disposal purposes. Humanitarian / international organisation end use.
2. Licence granted for explosive detection / disposal purposes. Humanitarian / international organisation end use.
3. Licence granted for research and development purposes, including academic and medical. End use by the (Military) Navy.
4. Licence granted for research and development purposes, including academic and medical. End use by the (Military) Navy.
5. Licence granted for energy exploration / generation purposes. Public Services (Government) end use.
6. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Public Services (Government) end use.
7. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Public Services (Government) end use.
8. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.

### Country Footnotes

1. UN Security Council Resolution 1701 (2006) established an embargo on the supply of arms and related material to Lebanon, with the exemption of arms and related materiel authorised by the Government of Lebanon or by UNFIL. This is implemented in the EU by Common Position 2006/625/CFSP, as amended, and Council Regulation (EC) No 1412/2006, as amended; as well as Common Position 2005/888/CFSP, as amended, and Council Regulation (EC) No 305/2006, as amended.

All exports for this destination were approved in accordance with the sanctions in place.

### Case & goods Footnotes

1. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.

corrosion resistant chemical manufacturing equipment [See footnote 1].  
information security equipment (2 licences) [See footnotes 2, 3].

#### Country Footnotes

1. UN Security Council Resolution 1970 of 26 February 2011 established an embargo on the supply of arms and related material to Libya. The embargo was amended by Resolutions 2009 (2011) 2095 (2013) and 2362 (2017). Exemptions exist, with approval from the UN Sanctions Committee, for supplies of non-lethal military equipment and protective clothing for use by United Nations personnel, representatives of the media and humanitarian and development workers. Arms and related material intended solely for security or disarmament assistance to the Libyan government are also subject to exemption criteria.

UNSCR 2017/2362 states that the authorisation to inspect designated high seas vessels found in UNSCR 2146 (2014) shall apply with respect to vessels loading, transporting, or discharging petroleum, including crude oil and refined petroleum products, illicitly exported or attempted to be exported from Libya.

EU Council Decision (CFSP) 2011/137, as amended, and Council Regulation (EU) 2016/446, as amended, restricts the provision of arms and related material; as well as of equipment that might be used for internal repression. Exemptions are in place for internal repression equipment intended solely for humanitarian or protective use, and for temporary export of protective clothing for use by United Nations and EU personnel, representatives of the media and humanitarian and development workers.

Common Position 2004/698/CFSP, as amended, and Council Regulation (EC) No 3275/1993, as amended, are also in place.

All exports for this destination must be in accordance with the sanctions in place.

## Case & goods Footnotes

civil explosive detection/identification equipment (2 licences).  
imaging cameras.

### Country Footnotes

1. A declaration by the Madrid European Council on 27 June 1989 established an arms embargo on China. This embargo also extends to arms exports to Macao. The UK interpretation of the embargo applies to: lethal weapons such as machine guns, large calibre weapons, bombs, torpedoes, rockets and missiles; specially designed components of these items and ammunition; military aircraft and helicopters, vessels of war, armoured fighting vehicles and other such weapons platforms; any equipment which might be used for internal repression. All exports for this destination were approved in accordance with the sanctions in place.

promoting the supply of machine guns (2).  
promoting the supply of pistols (3).  
promoting the supply of small arms ammunition.  
promoting the supply of surface launched rockets.

## Country Footnotes

1. United Nations Security Council Resolution 2374 (2017) was adopted in September 2017 establishing a sanctions regime on Mali which imposes travel bans and assets freezes on individuals and entities engaged in activities that threaten the peace, security or stability of the country.

The EU implements this sanctions regime via Council Decision (CFSP) 2017/1775 and Council Regulation (EU) 2017/1770.

All exports for this destination were approved in accordance with the sanctions in place.

## Malta

3. Licence granted for components / accessories / spare parts. Military end use.
4. Licence granted for leisure / hunting / sporting purposes, including use by athletes in training and competition. Academic / civilian end users.

## Republic of Guinea

### Processing Statistics (excluding amendments)

Median processing time SIELs	22 days
% and number of SIELs completed in 20 working days	0% (0)
% and number of SIELs completed in 60 working days	100% (1)
% [as a % of all SIEL cases processed] and number of SIELs refused	0% (0)

### SIELs - Permanent and Temporary (excluding Incorporation and Transhipment)

#### Issued

Types of goods on licence	No. of licences	Value
Non-military	1	£33,000
Total	1	£33,000

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5A002	1	£33,000

information security equipment.

### Country Footnotes

1. Restrictions currently in force with respect to Guinea are set out in Council Decision 2010/638/CFSP, as

amended; these include an embargo on the provision of technical and financial assistance and other services related to military equipment, as well as of equipment that might be used for internal repression as specified in Annex I to Council Regulation (EU) No 1284/2009, as amended, with exemptions for certain humanitarian, protective and UN or EU end uses. Amendments to Council Decision 2010/638/CFSP in 2011 and 2012 introduce further exemptions for the supply of non-lethal equipment to be used for maintaining public order by the police and gendarmerie in Guinea, for the return of non-combat helicopters to Guinea, and for the provision of explosives and related equipment intended solely for civilian use in mining and infrastructure investments. In April 2014, Council Decision 2014/213/CFSP, as amended, lifts the arms embargo though measures against individuals remain in place.

All exports for this destination were approved in accordance with the sanctions in place.

## Republic of Moldova

### Processing Statistics (excluding amendments)

Median processing time SIELs	50 days

The items being incorporated in this destination are ultimately destined for all or some of the following:

Armenia  
 Kazakhstan  
 United States of America

### Country Footnotes

1. Council Decision 2014/512/CFSP, as amended and Council Regulation (EU) No 833/2014, as amended, imposes a number of sectoral sanctions against Russian entities. These include restrictions on the supply of arms and military equipment, on dual use items for military use, ban on the supply of equipment and services to Russian deep water, Arctic and shale oil exploration and production projects, and a ban on Russian access to certain EU financial instruments and services.

All exports for this destination were approved in accordance with the sanctions in place.

Goods covered by the torture regulation and Both Military and Non-military	0	£0
Total	1	£1,400

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### **Goods covered by the torture regulation**

Control Entry	No. of licences with goods rated using Control Entry	Value
HR AIII	1	£1,400

barbiturate anaesthetic agents for injection.

### Case & goods Footnotes

1. Licence granted for components / accessories / spare parts. State-owned end user.
2. Licence granted for personal protective equipment. Commercial end use.
3. Licence granted for goods which will be returned to the UK.
4. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
5. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Commercial end use.
6. Licence granted for commercial end use.
7. Licence granted for commercial end use.

5D002	2	£26
5E002	1	£6,390

information security equipment (4 licences) [See footnotes 1, 2].  
information security software.  
software for information security equipment [See footnote 2].  
technology for information security equipment [See footnote 1].

## Country Footnotes

1. UN Security Council Resolution 2444 (2019) extended the partial lift of the embargo on the supply of arms and related material until 15 November 2019, it was agreed on the 15 November 2019 that the partial lift would be extended for another year. There are a number of exemptions, including standing exemptions, those requiring notification and those requiring permission from the Somalia UN sanctions committee.

The EU implements this UN sanction regime via Council Decision 2010/231/CFSP, as amended, Council Regulation (EU) No 356/2010, as amended and Council Regulation (EC) No 147/2003, as amended.

## Case & goods Footnotes

1. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Humanitarian / international organisation end use.
2. Licence granted for secure information storage, transmission and communication, network / cyber defence and system security. Humanitarian / international organisation end use.

## South Africa

### Processing Statistics (excluding amendments)

Median processing time SIELs	12 days

### OIELs (excluding Other OIELs)

#### Rejected

Applications to this destination refused in full.		
No.	Type	Goods Summary
1	P	information security equipment, information security software, software for information security equipment

### Country Footnotes

1. EU Council Decision (CFSP) 2015/740, as amended and Council Regulation (EU) 2015/735, as amended, transpose UNSCR 2206 (2015). This provides for restrictive measures in the form of travel restrictions and asset freezes that may be applied in relation to persons and entities designated by the Security Council Committee.

The measures embargo the provision of arms and related materiel to South Sudan, as well as assistance and services related to those items or to the provision, manufacture, maintenance and use of those items. Exemptions exist for equipment intended for humanitarian, human rights monitoring or protective use, non-lethal equipment and protective clothing for use by UN, AU, EU or IGAD personnel in crisis management and institution building programmes, non-combat vehicles intended for protective use by EU, UN, AU or IGAD personnel, and demining equipment.

On 13 July 2018, UN Security Council Resolution 2428 (2018), established an embargo on the supply of arms and related material to South Sudan. Exemptions exist for equipment intended for the support of or use by UN personnel, humanitarian use, in support of the African Union Regional Task Force intended solely for regional operations to counter the Lords Resistance Army and intended solely in support of the implementation of the terms of the peace agreement.

All exports for this destination were approved in accordance with the sanctions in place.

### Case & goods Footnotes

1. Licence granted for disaster / emergency response purposes. Humanitarian / international organisation end use.

Non-military	4	£66,101
Total	8	£75,602

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

#### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML7	1	£0
ML13	1	£9,400
ML22	2	£101

body armour [See footnote 2].  
 components for body armour [See footnote 2].  
 components for NBC protective/defensive equipment.  
 military helmets [See footnote 2].  
 technology for military helicopters (2 licences).

#### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
1A004	1	£3,092
5A002	3	£62,708
5D002	1	£0
5E002	1	£300

civil NBC protection equipment.  
 components for civil NBC protection equipment.  
 information security equipment (3 licences).  
 software for information security equipment.  
 technology for information security equipment.

### OIELs (excluding Other OIELs)

#### Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	T	acoustic seabed survey equipment, components for inertial equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment [See footnote 3]

#### SITCLs

Source	Issued	Refused	Revoked
Sri Lanka	1	0	0

#### Issued

assault rifles (32) [See footnote 1].  
 body armour [See footnote 1].  
 components for assault rifles [See footnote 1].  
 components for body armour [See footnote 1].  
 components for sporting guns [See footnote 1].  
 military helmets [See footnote 1].  
 small arms ammunition [See footnote 1].  
 sporting guns (6) [See footnote 1].

#### Case & goods Footnotes

1. Licence granted for counter-piracy operations.
2. Licence granted for counter-piracy operations.
3. Licence granted for commercial end use.

### Non-military

Control Entry	No. of licences with goods rated using Control Entry	Value
5D002	1	£28

information security software.  
software for information security equipment.

### Country Footnotes

1. UN Security Council resolution 1556 (2004) established an embargo on the supply of arms and related material to non-governmental entities in the Darfur region of Sudan; this was extended to include all individuals and entities in Darfur through Resolution 1591 (2005).

EU Council Decision 2011/423/CFSP, as amended, embargoed the provision of arms and related material to Sudan and South Sudan. EU Council Decision 2014/450/CFSP repealed Decision 2011/423/CFSP and separated the restrictive measures imposed on Sudan into a distinct legal instrument. The enforcement of the arms embargo was further strengthened by resolution 1945 (2010) of 14 October 2010. This is implemented by Council Regulation (EC) No 747/2014, as amended.

The measures embargo the provision of arms and related materiel to Sudan, as well as assistance and services related to those items or to the provision, manufacture, maintenance and use of those items. Exemptions exist for equipment intended for humanitarian, human rights monitoring or protective use, non-lethal equipment and protective clothing for use by UN, AU or EU personnel in crisis management and institution building programmes, non-combat vehicles intended for protective use by EU, UN, or AU, and demining equipment.

All exports for this destination were approved in accordance with the sanctions in place.

components for all-wheel drive vehicles with ballistic protection [See footnote 1].

### Country Footnotes

- On 31 May 2013, the EU adopted Council Decision 2013/255/CFSP, as amended, and Council Regulation (EU) No 36/2012, as amended, which lifted the embargoes on arms and related material, as well as on equipment which might be used for internal repression.

This Decision also renewed the remaining measures set out in repealed Decision 2012/739/CFSP, which include embargoes on further equipment that might be used for internal repression (chemical warfare precursors and related equipment), monitoring and interception equipment, key equipment and technology for certain sectors of the oil and natural gas industry in Syria, luxury goods, and Syrian denominated banknotes and coinage.

Common Position 2005/888/CFSP, as amended, and Council Regulation (EC) No 305/2006, as amended, are also in place.

All exports for this destination were approved in accordance with the sanctions in place.

### Case & goods Footnotes

## SIELs - Incorporation

### Issued

Types of goods on licence	No. of licences	Value
Military	25	£25,381,820
Total	25	£25,381,820

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Military

Control Entry	No. of licences with goods rated using Control Entry	Value
ML2	1	£57,800
ML4	1	£86,012
ML7	1	£12,690
ML10	19	£5,916,624
ML11	2	£1,003,409
ML16	1	£18,305,285

aircraft military communications equipment (2 licences) [See footnote 6].  
 components for aircraft military communications equipment [See footnote 6].  
 components for artillery.  
 components for combat aircraft.  
 components for military aero-engines (2 licences).  
 components for military guidance/navigation equipment.  
 components for military support aircraft (11 licences).  
 components for military training aircraft (3 licences) [See footnotes 4, 5].  
 components for NBC detection equipment.  
 general military aircraft components.  
 launching/handling/control equipment for munitions [See footnote 7].  
 military guidance/navigation equipment.  
 unfinished products for military aero-engines.

The items being incorporated in this destination are ultimately destined for all or some of the following:

Australia  
 Brazil  
 Czech Republic  
 Ecuador  
 France  
 India  
 Iraq  
 Israel  
 Japan  
 Malaysia  
 Nigeria  
 Pakistan  
 South Korea  
 Taiwan  
 United Kingdom

**SIELs - Transshipment**

**Issued**

Types of goods on licence	No. of licences	Value
Military	1	£6,443,570
Total	1	£6,443,570

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'). As the items covered by issued SITLs merely pass through the UK, it would be misleading to compare the 'value' for these licences with the value of items originating in the UK.:

**Military**

Control Entry	No. of licences with goods rated using Control Entry	Value
ML4	1	£6,443,570

hand grenades.

**SIELs for goods covered by the torture regulation**

## Issued

Types of goods on licence	No. of licences	Value
Goods covered by the torture regulation	4	£330
Goods covered by the torture regulation and Military	0	£0
Goods covered by the torture regulation and Non-military	0	£0
Goods covered by the torture regulation and Both Military and Non-military	0	£0
Total	4	£330

The SIELs issued were granted for goods with the following 'Control Entries' (for permanent export except where the case summary description is preceded by a T, which indicates a Temporary Export). Please note that more than one 'Control Entry' can apply to goods on an individual licence and each 'Control Entry' is counted only once per individual licence (regardless of the number of goods that have been rated with that 'Control Entry'):

### Goods covered by the torture regulation

Control Entry	No. of licences with goods rated using Control Entry	Value
HR AIII	1	£25
HR AIV	3	£305

barbiturate anaesthetic agents for injection (3 licences) [See footnotes 2, 3].  
tear gas/riot control agents [See footnote 1].

### OIELs (excluding Other OIELs)

## Issued

Licences issued or where coverage was amended during the period by the inclusion or reinstatement of this destination.		
No.	Type	Goods Summary
1	P	components for military support aircraft, components for unmanned air vehicles, technology for unmanned air vehicles
2	P	components for military electronic equipment, components for NBC protective/defensive equipment, equipment for the use of NBC protective/defensive equipment, military electronic equipment, military training equipment, NBC protective/defensive equipment, technology for military electronic equipment, technology for military training equipment, technology for NBC protective/defensive equipment
3	P	technology for military guidance/navigation equipment, technology for production installations for military guidance/navigation equipment, technology for production installations for surface-to-surface missiles, technology for production installations for targeting equipment, technology for production installations for weapon control equipment, technology for surface-to-surface missiles, technology for targeting equipment, technology for weapon control equipment
4	P	components for unmanned air vehicles
5	P	components for military guidance/navigation equipment, components for surface-to-surface missiles, electronic components, equipment for the production of surface-to-surface missiles, fast switching modules, high energy capacitors, microwave components, technology for surface-to-surface missiles, thyristors
6	T	components for projectile launchers, equipment for the use of projectile launchers, projectile launchers, small arms training equipment, software for projectile launchers, technology for projectile launchers, weapon mountings

### OIELs (excluding Other OIELs)

#### Rejected

Applications to this destination refused in full.		
No.	Type	Goods Summary
1	T	acoustic seabed survey equipment, components for inertial equipment, inertial equipment, magnetometers, marine position fixing equipment, sonar log equipment, submersible equipment

### Country Footnotes

1. EU Council Decision (CSFP) 2017/2074 and Council Regulation (EU) 2017/2063 were introduced in November 2017. It includes an asset freeze, travel ban and arms embargo, embargo on equipment that could be used for repression, and restrictions on monitoring equipment. Targeted restrictions should be imposed against those responsible for serious human rights violations or abuses or the repression of civil society and democratic opposition; or those whose actions, policies or activities otherwise undermine democracy or the rule of law in Venezuela.

All exports for this destination were approved in accordance with the sanctions in place.

## Issued

components for sporting guns [See footnote 1].  
small arms ammunition [See footnote 1].  
sporting guns [See footnote 1].

## Country Footnotes

1. UN Security Council Resolution 2216 (2015) established a targeted arms embargo to prevent the direct or indirect supply, sale or transfer to, or for the benefit of designed individuals and entities and those acting on their behalf or at their direction in Yemen, of arms and related material of all types, and of technical assistance, training, financial assistance or other assistance related to military activities or the provision, maintenance or use of any arms and related material. This adds to earlier resolution 2140 (2014) establishing asset freezes and travel bans of designated individuals and entities. The EU implements these measures through Council Decision (CFSP) 2015/882, as amended; as well as Council Regulation (EU) 2015/878, as amended.

All exports for this destination were approved in accordance with the sanctions in place.

## Case & goods Footnotes

1. Licence granted for counter-piracy operations. Humanitarian / international organisation end use.

#### **Goods covered by the torture regulation**

Control Entry	No. of licences with goods rated using Control Entry	Value
HR AIV	1	£52,300

barbiturate anaesthetic agents for injection.

#### Country Footnotes

1. Restrictions currently in force with respect to Zimbabwe are set out in Council Decision 2011/101/CFSP, as amended, and Council Regulation No. 314/2004, as amended. These include an embargo on the provision of arms and related material, as well as of equipment that might be used for internal repression.

All exports for this destination were approved in accordance with the sanctions in place.
