[REDACTED]

Dear [REDACTED]

**REQUEST FOR INFORMATION – INFORMATION FROM DOCUMENTS RECORDING THE WEST BELFAST TOUR OF 1 KINGS 7-21 JULY 1972**

I can confirm that your request has been considered under the provisions of the Freedom of Information Act 2000 (FOI (A)), and the process is now complete.

You stated the following:

***“May I request information from specific documents recording the West Belfast tour 1 Kings, please, for the dates 7th July 1972 to 21st July inclusively?”***

- ***Watchkeeper (Company) logs of 1 Kings***
- ***Radio logs of 1 Kings***
- ***Battalion/Tactical Headquarter logs of 1 Kings.”***

I can confirm that the MOD holds information relating to the West Belfast tour of 1 Kings. Please find attached at Annex A, a copy of the Radio Logs for 1 Kings for the dates 7-21 July 1972, this is the only information that we have been able to locate. Please note that all information that is redacted using a black box represents information that has been redacted under a Freedom of Information exemption.

Some of the information you have requested could be exempt under Section 23(1) of the Freedom of Information Act, which relates to the bodies dealing with security matters, although it is also possible that the information relates to none of the bodies dealing with security matters. Sections 23(1) and 24(1) are being cited in the alternative as it is not appropriate, in the circumstances of the case, to say which of the two exemptions is actually engaged so as not to undermine national security or reveal the extent of any involvement, or not, of the bodies dealing with security matters. Section 23 is an absolute exemption and, if it were engaged in this material, the MOD would not be required to consider whether the public interest favours disclosure of this information.

Any information that is not exempt from disclosure under Section 23(1) could be exempt under Section 24(1) of the FOI(A), which exempts information from disclosure if its exemption is required for the purpose of safeguarding national security. We cannot say which of the two exemptions is actually engaged, but to the extent that S24(1) might be engaged. We acknowledge the public interest in openness and transparency, but we consider that there is a stronger public interest in protecting national security.

Some of the information within the log sheets falls within the scope of Section 26 (Defence) of the FOI(A) as its release would or would be likely to prejudice the capability, effectiveness or security of any relevant forces. Section 26 is a qualified exemption and we have conducted a public interest test to determine whether the information should be released or withheld. The factors for this public interest have determined that whilst disclosure would demonstrate openness and transparency this is outweighed by the detrimental effect disclosure would have in revealing the capabilities of military operational planning by compromising the methodologies and practices employed in the gathering and analysis of information. I have therefore concluded that the public interest supports withholding some information under Section 26.

Section 38 (Health and Safety) is a qualified exemption and we have conducted a public interest test to determine whether the information should be released or withheld. The factors for this public interest have determined that whilst disclosure would demonstrate openness and transparency this is outweighed by the detrimental effect disclosure could have on those mentioned in the documents, or their family members and friends. I have concluded that whilst disclosure may be of historical interest, the health and safety of individuals must be taken into account. Some information has therefore been redacted under Section 38 of the FOI(A).

Additionally, some of the information contained within the disclosure constitutes personal information, such as names and addresses. Under FOI(A) this information is exempt under Section 40 (2) by reason of the first condition under Section 40 (3) (a) (i), as disclosure would contravene data protection principles under the Data Protection Act 2018 (DPA 2018). This is an absolute exemption and does not require a public interest test to be conducted in order for this information to be exempt from disclosure. Therefore, all personal information has been redacted.

I appreciate that these incidents took place 49 years ago and the passage of time can be a factor in diminishing the applicability of exemptions to information. However, in this instance the passage of time is less relevant as the PSNI continue to investigate Troubles-related deaths and the overall balance is in favour of partial exemption.

If you have any queries regarding the content of this letter, please contact this office in the first instance

If you wish to complain about the handling of your request, or the content of this response, you can request an independent internal review by contacting the Information Rights Compliance team, Ground Floor, MOD Main Building, Whitehall, SW1A 2HB (e-mail [CIO-FOI-IR@mod.gov.uk](mailto:CIO-FOI-IR@mod.gov.uk)). Please note that any request for an internal review should be made within 40 working days of the date of this response.

If you remain dissatisfied following an internal review, you may raise your complaint directly to the Information Commissioner under the provisions of Section 50 of the FOI(A). Please note that the Information Commissioner will not normally investigate your

case until the MOD internal review process has been completed. The Information Commissioner can be contacted at: Information Commissioner's Office, Wycliffe House, Water Lane, Wilmslow, Cheshire, SK9 5AF. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website at <https://ico.org.uk/>.

Yours sincerely

38 (Irish) Brigade FOI Team

(a)	(b)	(c)	(d)	(e)	(f)	(g)
222	2235		V2	1 HV in area Divisnore Way at Vere Foster. No cas. NFR.	BI	
223	2237		V3	Mobile had 2 rds at it in Kashmir Rd. Also 1 Blast Bomb and 6 more rds in Brittons Pds. No cas. NFR.	BI	
224	2238		V2	3 HV in Divisnore Pk at HT. No cas. NFR.	BI	
225	2239		V3	3 HV at Southern OP Gorry's in Corpus Christi area. No cas. NFR.	BI	
226	2240		V1	1 HV in S/Hill Ave across Interface.	BI	
227	2245		Co Gend	You are now to deploy on the ground to stop the Interface shooting.	CO Info	
228	2247		V3	1 HV fired at Southern OP. No cas. NFR.	BI	
229	2250		V3	3 HV in area Corpus Christi at Southern Op in Gorry's. No cas. NFR.	BI	
230	2251		G1	1 HV in S/Fla Pk at HT. No cas. NFR.	BI	
231	2300		V1	There are reports that firing has come in S/Martin Rd. 1 Gun has been arrested, details later.	BI	
232	2300		CO	A lot of rds reported as interface shooting are just indiscriminate firing. There appears to be some Interface shooting but also interfacional shooting in S/Murphy/Whiterock, we are deploying extra tps now.	BI	
233	2311		V1	We are getting reports of Prods firing in general direction S/Martin Rd.	BI	
234	2312		V2	There may be a gun in Falls Pk. We are investigating.	BI	
235	2320		G1	2 HV in Divisnore Pk at HT. No cas. NFR.	BI	
236	2321		V1	2 HV in area St Bernadettes at Smartin area.	BI	
237	2326	Me	CO	1. In Sunray. I believe at the moment we are containing as required and so far have accounted for 12 gwn. 2. I do not intend to make a major sally into Westrock/Whiterock/Buppy until we are in posn to move in and dominate in strength. 3. I am deploying additional units to stop interface shooting which in the main has been overshots in gwn firing at HT. We can keep this up for as long as is necessary since as soon as a gun exposes himself he is shot at.	BI
