

EMPLOYMENT TRIBUNALS

Claimant: Mr P Capodici

Respondent: Transformers and Rectifiers Ltd

JUDGMENT

The claimant's application dated 21 February 2022 for reconsideration of the judgment sent to the parties on 20 January 2022 is refused.

REASONS

There is no reasonable prospect of the original decision being varied or revoked, because :

- (a) The application for reconsideration was presented to the Tribunal more than 14 days after the date on which the decision was sent to the parties. The claimant has not set out any reasons for the delay in making the application for reconsideration.
- (b) The claimant has not set out any reasonable grounds for showing that it would be necessary in the interests of justice to vary or revoke the original decision.
- (c) The original decision was made on the basis of all the evidence put before the Tribunal at the final merits hearing. The claimant had every opportunity to put forward evidence and arguments in support of his claims at the hearing and did so. All the claimant's evidence and submissions were taken into consideration in making the decision. The claimant has raised no new, relevant matters in his reconsideration application which render a reconsideration necessary in the interests of justice.
