**Re: S31 Grant Determination Letter for the Opportunity Areas Year 5 Grant,
March 2022 (2021-22 DLUHC 31/5970)**

This Determination is made between:

- (1) **The Secretary of State for Education and**
- (2) **The local authorities listed at Annex A.**

I am pleased to confirm details of the Government's offer to the council following agreement that the Opportunity Areas (OAs) grant would be devolved.

We are devolving this grant under a Section 31, non-ring fenced transfer (Local Government Act 2003). Our expectation is that the council will use the funds to support the aims of the Opportunity Areas programme. The Senior Responsible Owner for this grant, Elizabeth Franey, will require your responsible officer to confirm at the end of each financial year that the funding has been properly expended.

The total funding available for the OA programme for the period 2021-22 is £18.1m. The vast majority of that money is being channelled through the relevant top tier local authorities. We have discussed and agreed the specific amounts with the DfE Head of Delivery in each OA, who works closely with local partners. A total of

£6,717,918 was paid on 11 March 2022 to the local authorities listed in Annex A. This is the second and final payment for this financial year.

Purpose of the Grant

The Council can spend this grant to promote activity in the Opportunity Area that will improve the social mobility outcomes of children and young people. Whilst you may choose how to spend the money in order to best meet local need, we anticipate that all decisions will be informed by the actions and commitments made in the local OA delivery plan.

The Department's aspiration is that local authorities should use the funding provided to:

- implement the actions in the Opportunity Areas delivery plans to improve the social mobility outcomes of children and young people across all life stages;
- offer targeted support and fund activities that address social mobility barriers locally across all life stages;
- coordinate through the OA partnership board regional activities with the intention of improving system capacity in school and early years leadership, the quality of the education and early years workforce, curriculum programmes and school clubs;
- support activities that seek to improve personal development, raise aspirations, provide opportunities for career experience and skills development, and participation in volunteering and social action projects;
- support activities to mitigate the negative impact of COVID-19 on children in OAs;
- continue to drive the ambitions of the OA programme's first four years (2017-21) – to build on the successes and consolidate the gains achieved;
- embed successes and effective approaches to support the OAs towards being more self-sustaining after the fifth year; and
- extend the reach and impact of the programme through 'twinning' (whereby each OA will share effective educational practice with at least one other area facing similar social mobility challenges and levels of disadvantage).

Where agreed with the DfE, the local authority may also use the grant to pay salary costs for local OA programme staff who employed through the local authority, and to fund any "new burdens" and cover reasonable expenses associated with administering this grant.

Arrangements for keeping in touch with the Department for Education and the Head of Delivery

Formal reporting to the Department for Education on progress is not a condition of this grant. The Department for Education will, however, ask the Council to provide a voluntary end of year return and report confirming activity that has taken place or been funded.

The Department for Education would also be happy to receive any information about effective practice and activity that substantively addresses social mobility across all life stages of children and young people.

This letter has been copied to the Directors of Children's Services in all participating local authorities, Opportunity Area Heads of Delivery, Her Majesty's Treasury and the Department for Levelling Up, Housing and Communities.
