Our Reference:
FOI2022/01959
Date: 12 April 2022

Dear [REDACTED],

Thank you for your email of 14 February 2022 requesting the following information:

'In previous years you have kindly supplied me under FOI with details of vehicles cast by the MOD. Could I now make the same request for vehicles disposed of during 2021?'

Please supply me with a list of all vehicles and equipment disposed of during the calendar year 2021 (1 January to 31 December); i.e. removed from the MOD inventory during the year for whatever reason. The vehicles and equipment in scope of the request are those that were allocated an Equipment Asset Code (EAC), identified by a unique Equipment Registration Mark (ERM), and were on the JAMES inventory system.

To include, please, for each vehicle/equipment:

**NATO Stock Number
Equipment Registration Mark
Serial Number
Date in Service
Military Asset Code
Military Asset Code Status
Military Asset Code Status Date
Vehicle Description
Vehicle Identification Number (VIN)/Chassis Number
Contract Number'**

Your request has been handled in accordance with the Freedom of Information (FOI) Act 2000.

A search has been carried out of the Ministry of Defence's (MOD) Joint Asset Management and Engineering Solutions (JAMES) system. Information that falls within the scope of your request is provided as follows:

Annex A – Items disposed in 2021

Under Section 16 (Advice and Assistance) of the FOI Act, I can advise you that not all the requested information is available on the JAMES System and this explains why there are some gaps in the data provided; for example, the contract reference number, chassis number etc.

It has proved necessary to withhold some information relating to your request. This is several lines in the attached spreadsheet relating to vehicle information which has been redacted under qualified exemptions Section 26(1)(a) and (b) (Defence) and Section 38(1)(a) and (b) (Health and Safety) of the FOI Act.

Section 26 applies to information that if disclosed would or would likely; prejudice the defence of the British Islands or any colony; and/or the capability, effectiveness or security of the Armed Forces of the Crown or any forces cooperating with them. Section 38 applies to information that if disclosed would or would likely; endanger the physical or mental health of any individual; or endanger the safety of any individual.

As these exemptions are qualified, it was necessary to undertake a Public Interest Test to determine whether the balance for withholding the information outweighs that for disclosure. General arguments in favour of release were that full disclosure would demonstrate the MOD's commitment to openness and transparency; and make the UK Government more accountable to the electorate. The FOI Act also contains a presumption for release.

However, releasing the details of these vehicles would divulge information that could be used to compromise the ability of UK Armed Forces to carry out operations safely. Namely, by revealing information about vehicle modifications which could assist adversaries to plan attacks against equipment and endanger the lives of personnel, allowing adversaries to adapt their tactics against these vehicles accordingly.

Given the arguments described above, on balance, it was determined that the information should be withheld. The level of prejudice against release of this exempted information has been set at the higher level of "would" rather than "would be likely to".

If you have any queries regarding the content of this letter, please contact this office in the first instance. If you wish to complain about the handling of your request, or the content of this response, you can request an independent internal review by contacting the Information Rights Compliance team, Ground Floor, MOD Main Building, Whitehall, SW1A 2HB (e-mail CIO-FOI-IR@mod.gov.uk). Please note that any request for an internal review should be made within 40 working days of the date of this response.

If you remain dissatisfied following an internal review, you may raise your complaint directly to the Information Commissioner under the provisions of Section 50 of the Freedom of Information Act. Please note that the Information Commissioner will not normally investigate your case until the MOD internal review process has been completed. The Information Commissioner can be contacted at: Information Commissioner's Office, Wycliffe House, Water Lane, Wilmslow, Cheshire, SK9 5AF. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website at <https://ico.org.uk/>.

Yours sincerely,

DE&S Secretariat Land Equipment
