Species (Scientific name)	Identification system	Identification number	Age	Sex	Quantity

II. Health information

II.a. Certificate reference no:

.....

I, the undersigned Official Veterinarian, hereby certify that the animals herein described meet the following requirements:

II.1. The animals were kept in captivity in the country of origin mentioned in box I.7. since birth or for at least six months before export.

II.2. The holding and the area within a 10 km radius around the holding are not under any restrictions with respect to animal health control measures and have been free of OIE-listed diseases that may be transmitted by the animals for at least 40 days before loading.

II.3. The animals do not come from a holding or were in contact with animals from a holding on which rabies is currently present or suspected or has been present during the last six months.

(1) II.4. In case of carnivores: The animals

(1) either were vaccinated against rabies at least 30 days and not more than one year before export

Date of vaccination:

Vaccine:

Lot No:

(1) or come from a country that is free of rabies and have not been vaccinated against rabies.

II.5. The animals were examined at the place of origin within 24 hours before loading, were free from clinical signs of infectious or contagious diseases or external parasites and were considered fit for transport.

II.6. The vehicles, containers and all removable equipment for the transport of the animals were used for the first time or were cleaned and disinfected before placing of the animals and loading.

II.7. I have received a declaration from the exporter listed at I.1 that during transport to the place of loading and during transit to Switzerland the animals will not be transported with animals that do not meet the criteria for export to Switzerland.

(1) *Delete as applicable*
