

Grenfell Tower site update: summary of community online meeting

Grenfell Tower site update: summary of community online meeting

At our Grenfell Tower site community online meeting on 3 May 2022, we updated on maintenance and safety works at the tower. This included the installation of 'props' (metal supports) in the basement, the completion of asbestos removal, replacement of the tower wrapping that is due to end later this month, monitoring noise, and contractor procurement.

We also gave an update on activities happening close to the site, including the relocation of the local electricity substation, installing a gravel footpath across Lancaster Green, and how to access the garages under the walkway blocks. And we shared information on local opportunities available from the Grenfell Tower site principal contractor, DUK. You can find out more about these at www.degroupp-community.uk

If you were unable to attend, you can watch a video of the meeting on the DLUHC [YouTube channel](#).

Our next meeting

Our next community online meeting is on Tuesday 7 June, 6pm to 7pm

- **Join with weblink:** msteams.link/IDLG (using Microsoft Teams)
- **Or join by phone:** dial [020 3795 5763](tel:02037955763) and enter conference ID 741 096 093#

There are opportunities to ask questions at these meetings.

How to get in touch

We are available for conversations with you or your family and to provide any further information that you might want.

- Email GrenfellTowerSite@levellingup.gov.uk
- Phone [0303 444 0011](tel:03034440011)
- Go to www.gov.uk/grenfell-community-updates or scan the QR code below and click on 'Get in touch'

The digital signs around the site feature the latest information about the tower.
