IV. Health Information

◆ I, the undersigned, certify that the fresh poultry meat described overleaf meets the following requirements:

- a) the said poultry meat was derived from poultry which were hatched and reared only in the United Kingdom;
- b) the birds have been slaughtered in an approved abattoir situated in a district/region free from **Highly Pathogenic Avian Influenza (HPAI), Low Pathogenic Avian Influenza (LPAI)** or **Newcastle Disease (ND)** and have been subjected to ante-mortem and post-mortem examination with favourable results;
- c) the poultry were slaughtered and the meat prepared in an establishment approved to export to the EU;
- d) the poultry meat and products were not derived from birds slaughtered in the context of an avian influenza or other disease control or eradication programme, nor were they originating from farms that are under quarantine for any disease and are located no less than 10km away from any affected farm or flock;
- e) the poultry meat and meat products have been processed and stored in an establishment free from **HPAI, LPAI** or **ND**, situated in a district/region free from these diseases within 21 days of slaughter;
- f) the poultry meat did not come into contact with any poultry meat which was not produced in accordance with requirements for intra-EU trade;
- g) the poultry meat and meat products are produced in compliance with the DEFRA's Residue Monitoring Programme, the meat does not contain residues of antibiotics or their metabolites in quantities exceeding the accepted maximum residue limits (MRLs);
- h) the poultry meat is suitable for human consumption in the United Kingdom.
