Licence Annex B: Provisions relating to licensed actions within the cull area, including on or around Special Areas of Conservation (SACs), Special Protection Areas (SPAs), Sites of Special Scientific Interest (SSSIs), and/or Ramsar sites within the county of Herefordshire

Notes W, Y and Z to this Annex must be considered on any land where operations permitted under this licence are proposed or are undertaken.

Notes A and B apply only on and/or around Protected Sites and only in respect to Protected Sites where these Notes are cited in the 'Licence Condition' column of the table below for that site.

SSSI name	European Designated Site	Licence condition
	name (where applicable)	
Aston Ingham		All vehicles must be restricted to existing tracks.
Meadows		Limit location of traps to existing sett footprint or
		areas of scrub. Delay access until after hay cut,
		mid-July.
Bank and Cother		All vehicles must be restricted to existing tracks.
Wood		Limit location of traps to existing sett footprint.
Berrington Pool,		No licensed activities from 1st March to 31st
Herefordshire		August to avoid bird breeding season.
Birches		Except on existing tracks, no vehicle use nor placing
		traps alongside any watercourses or waterbodies,
		nor within any wet area, fen, bog or mire. All
		vehicles must be restricted to existing tracks. Limit
		location of traps to existing sett footprint or areas
		of scrub.
Birch Wood		All vehicles must be restricted to existing tracks.
		Limit location of traps to existing sett footprint.
Birchend		All vehicles must be restricted to existing surfaced
		tracks. Limit location of traps to existing sett
		footprint within woodland or conifer areas. Traps
		should only be dug in, on boundary edges in these
		areas, such as hedgerows.
Bishon Meadow		All vehicles must be restricted to existing tracks.
		Limit location of traps to existing sett footprint.
Black Mountains		No licensed activities from 1st March to 31st
		August to avoid bird breeding season. All vehicles
		must be restricted to existing tracks. Limit location
		of traps to existing sett footprint. Except on existing
		tracks, no vehicle use nor placing traps alongside
		any watercourses or waterbodies, nor within any
		wet area, fen, bog or mire. The licensee must assist
		Natural England with the gathering of information
		on fox control taking place on, and in the vicinity
		of, this SSSI (see Notes A and B).
Bradnor Hill		No additional conditions imposed.
Quarry		
Brampton Bryan		All vehicles must be restricted to existing tracks.
Park		Limit location of traps to existing sett footprint.
Burrington Farm		No additional conditions imposed.
Stream Section		
Burrington		All vehicles must be restricted to existing tracks.
Meadow		Limit location of traps to existing sett footprint or
		areas of scrub. Except on existing tracks, no vehicle

		use ner placing trans alongside any watercourses
		use nor placing traps alongside any watercourses
		or waterbodies, nor within any wet area, fen, bog
D		or mire.
Burrington		No additional conditions imposed.
Sections SSSI		All colidate accept has reaching a large accepting a large and
Bushy Hazels &		All vehicles must be restricted to existing tracks.
Cwmma Moors		Limit location of traps to existing sett footprint or/
		and areas of Rhododendron, Cherry Laurel scrub or
		conifer plantation.
Byton & Combe		No licensed activities from 1st March to 31st
Moors		August to avoid bird breeding season. Except on
		existing tracks, no vehicle use nor placing traps
		alongside any watercourses or waterbodies, nor
		within any wet area, fen, bog or mire. The licensee
		must assist Natural England with the gathering of
		information on fox control taking place on, and in
Contract to		the vicinity of, this SSSI (see Notes A and B).
Caeiron Meadow		All vehicles must be restricted to existing tracks.
		Limit location of traps to existing sett footprint or
		areas of scrub.
Cage Brook		All vehicles must be restricted to existing tracks.
Valley		Limit location of traps to existing sett footprint.
Capler Wood		All vehicles must be restricted to existing surfaced
		tracks. Limit location of traps to existing sett
		footprint or boundary edges such as hedgerows or
		in the quarry areas.
Chanstone Wood		All vehicles must be restricted to existing tracks.
		Limit location of traps to existing sett footprint or/
		and areas of Rhododendron, Cherry Laurel scrub or
		conifer plantation.
Cherry Hill Wood		All vehicles must be restricted to existing tracks.
		Limit location of traps to existing sett footprint.
Church Hill Quarry		No additional conditions imposed.
Common Hill		All vehicles must be restricted to existing tracks.
		Limit location of traps to existing sett footprint.
		Delay access until after hay cut, mid-July.
Coughton Wood		All vehicles must be restricted to existing tracks.
and Marsh		Limit location of traps to existing sett footprint.
Crumpton Hill		All vehicles must be restricted to existing tracks.
Wood		Limit location of traps to existing sett footprint or
		areas of rhododendron or conifer plantation.
Dinmore Hill		All vehicles must be restricted to existing tracks.
Woods		Limit location of traps to existing sett footprint or/
		and areas of Rhododendron, Cherry Laurel scrub or
		conifer plantation.
Downton Gorge	Downton Gorge SAC	All vehicles must be restricted to existing tracks.
		Limit location of traps to existing sett footprint. No
		use of any cage trap within 100m of any
		watercourse and avoid placing any cage trap in any
		marshy, reed-bed, riparian or other type of wet
		habitat. Do not dig in any cage traps for one hour
		either side (i.e. 2 hours) of sunset and sunrise

these periods is permitted]. Do not use any fishbased bait. Dymock Woods No access until after mid-July. All vehicles must be restricted to existing surfaced tracks. Notes to Annex B

General note on interpretation

Protected sites that are listed above are not necessarily part of any active operations. Active operations can and will only occur on protected sites where landowner/occupier permission has been granted.

Within the licence conditions, use of the word 'avoid' denotes a prohibition, i.e. it indicates that an area must be excluded from relevant activities or that activities must not be undertaken during the time period stated or in the manner described. Similarly, the word 'restrict' means that activities must be confined to the areas or time periods stated.

For further details on each protected site and its notified features of special interest and/or European Site qualifying features please enter the site name into the following link: https://designatedsites.naturalengland.org.uk/SiteSearch.aspx.

Individual notes

Note A

Natural England will inform the licensee from time to time of the information it requires. This is likely to focus on whether fox control is routinely undertaken on the relevant site and/or on areas of participating land within a few kilometres of the site. The licensee is expected to use reasonable endeavours to assist Natural England with the gathering of this information.

Note B

Natural England may form the judgment that measures should be introduced to secure the protection of species associated with this site, such as fox control, anti-predator fencing, habitat management, or buffer zones in which badger control is not undertaken. Such measures may be secured through cooperation between licensees, landowners, occupiers, and/or public bodies. If it considers it necessary to do so,

Natural England may: exercise its powers under sections 28J-K of the Wildlife and Countryside Act 1981 or regulation 20 of the Conservation of Habitats and Species Regulations 2017; and/or revoke and re-issue this licence with revised terms (provided that such terms will be reasonable and proportionate in all of the circumstances).

Note W

European protected species are listed in Schedule 2 (animals) and Schedule 5 (plants) of the Conservation of Habitats and Species Regulations 2017. Nationally protected species are listed in Schedule 5 (animals) and Schedule 8 (plants) of the Wildlife and Countryside Act 1981 (as amended). Under these laws (regulations 43 and 47 of the 2017 Regulations and sections 9 and 13 of the 1981 Act), it can be an offence to:

- deliberately capture, injure or kill any wild animal of a European protected species
- intentionally kill, injure or take a nationally protected wild animal
- deliberately disturb wild animals of any European protected species
- intentionally or recklessly damage or destroy any structure or place which a nationally protected animal uses for shelter or protection, disturb such an animal while it is occupying such a structure or place, or obstruct access to any such structure or place
- damage or destroy a breeding site or resting place of any wild animal of a European protected species
- deliberately take or destroy the eggs of any wild animal of a European protected species
- deliberately pick, collect, cut, uproot or destroy a wild plant of a European protected species
- intentionally pick, uproot or destroy any nationally protected wild plant

Great crested newt, otter, dormouse, and sand lizard are European and nationally protected species.

Note Y

All birds, their eggs and nests (while in use or under construction) are protected under the Wildlife and Countryside Act 1981. This licence does not allow you to take or destroy such nests. Birds species listed under Schedule 1 of that Act have additional legal protection so care must be taken to avoid their disturbance during the breeding season.

Note Z

All bats and their roosts (even when not occupied by bats) are protected by the Wildlife and Countryside Act 1981 and by The Conservation of Habitats and Species Regulations 2017. This licence does not allow you to enter or obstruct any bat roost, nor to disturb any bat whilst it is occupying a roost. Care must be taken to avoid sustained human presence near, or artificial illumination of cracks and cavities in trees and man-made structures, and of any mounted boxes.
