

**EXPORT TO HUNGARY OF LABORATORY ANIMALS, SEMEN, OVA AND EMBRYOS
NOTES FOR GUIDANCE (NFG) FOR OFFICIAL VETERINARIANS AND EXPORTERS**

This document should not be read as a standalone document but in conjunction with 9052EHC.

Please note this certificate has also been published as EHC9061 for export of live animals.

1. SCOPE OF THE CERTIFICATE

This certificate may be used for the export of laboratory animals, semen, ova and embryos where the certification takes place in Wales, Scotland or England, i.e. in Great Britain.

2. CERTIFICATION

The basic principles of certification apply. Although this is not an EU level harmonised EU entry certificate, the general requirements that the EU specifies for certification in context of harmonised certificates should be followed.

Place of loading

In the case of traveling by plane, write "name of the airport". In case of traveling by sea, write "name of the port". In case of traveling by land, write "name of the establishment where the animals are loaded onto means of transport".

Disclaimer: This certificate is provided on the basis of information available at the time and may not necessarily comply fully with the requirements of the importing country. It is the exporter's responsibility to check the certificate against any relevant import permit or any advice provided by the competent authority in the importing country. If these do not match, the exporter should contact the APHA Centre for International Trade, in Carlisle, via the link below.
