Hi [REDACTED]

,

Sorry, I may have been wrong when I suggested that you were involved. I raised it as a problem in November 2020, firstly with you and then with [REDACTED]. (E-mails attached)
Perhaps that was where I was confused. If this has fallen through a gap, it needs to be resolved.

Best wishes

Hi All,

About 5/6 years ago we helped with a project to get all the various proof of age schemes onto one platform using the same hologram and did commit to promoting it. It has been mentioned in the training for many years. I assume that's why our logo still appears on the physical card.

Sounds sensible that we continue this support unless there are any commercial interests that have crept into this initiative since I was last in touch with it.

[REDACTED]

– I have had no contact with them over the past year, perhaps you can forward the previous correspondence to me? I will give you a call when I am back from leave if there is an expectation I liaise with them, I can't recall being asked to engage.

Thanks

Dear All,

My last correspondence on this was November last year. I believe [REDACTED] asked [REDACTED] to be involved with it on behalf of the SIA.

From a comms perspective for a number of years (although not recently) we confirmed our endorsement of the scheme and promoted its use across our comms channels- newsletters, social media etc.

Historically [REDACTED] had some involvement with the scheme organisers via Home Office contacts. But that's about as far as my knowledge goes

Thanks

Dear [REDACTED], [REDACTED], [REDACTED], [REDACTED], and [REDACTED],

We have been approached by PASS to ask that we endorse their Digital Proof of Age scheme (see email below). To help with consideration of this request, please could you let me know if you are aware of PASS approaching us about this scheme in the past, and, if we have had contact with them, what was said.

Thanks for your help with this.

Kind regards,

Dear [REDACTED],

Forgive my writing to you but I am unsure who, within the SIA, I should be talking to. I attended the recent National Pubwatch Meeting at which you were present so I am contacting you as it would appear that you might be the right person. [REDACTED] met with your previous CEO some while ago and since then we have had little contact with your organisation, not helped by the intervention of the pandemic.

You will be aware that cards accredited by the PASS scheme bear the the SIA as a mark of the SIA's endorsement. We are now looking to include the same endorsement on Digital Proof of Age for which a Standard has been written and agreed by the PASS Board. Before publishing we are seeking to establish your endorsement. The draft standard was been widely circulated for comment, including the SIA and has been seen by both the Home Office and DCMS. I would be more than happy to discuss our plans going forward and to send you a copy which we will not publish until we have sought and obtained permission to add your log along with the National Police Chief's Council logo.

I would be very grateful if you could respond to this email or give me a call as below, as convenient.

Best Regards,

[REDACTED]
