

Covid-19 Vaccine Ó:æ åÁ] ^8ãå ADR reports from the Channel Island•Á

All UK spontaneous ADR reports for Covid-19 brand unspecified vaccine received from the Channel Islands until 19/01/2022.

A report of a suspected ADR to the Yellow Card scheme does not necessarily mean that it was caused by the vaccine, only that the reporter has a suspicion it may have. Underlying or previously undiagnosed illness unrelated to vaccination can also be a factor in such reports. The relative number and nature of reports should therefore not be used to compare the safety of the different vaccines. All reports are kept under continual review in order to identify possible new risks.
