**ASSET OF COMMUNITY VALUE SUB-COMMITTEE held in the COUNCIL
OFFICES LONDON ROAD SAFFRON WALDEN at 10.00am on 24 JANUARY
2018**

Present: Councillor S Barker (Chairman)
Councillors V Ranger and H Rolfe

Officers present: B Ferguson (Democratic Services Officer)
and S Pugh (Head of Legal Services)

ACV5 **MINUTES**

The minutes of the previous meetings held on the 7 August and 14 December 2017 were approved as a correct record.

ACV6 **NOMINATION OF ANDREWSFIELD AIRFIELD TO BE LISTED AS AN
ASSET OF COMMUNITY VALUE**

The Head of Legal Services explained the concept of an Asset of Community Value, as defined by the Localism Act 2011. He said the application was complex and identified three uses of the Airfield as set out in the nomination application:

- Airfield
- Clubhouse (or “Milibar”); and
- Open Space

The Head of Legal Services asked Members to consider:

- Whether an actual current use of the nominated land and buildings that is not an ancillary use furthers the social wellbeing or social interests of the local community, and
- Whether it is realistic to think that there can continue to be non-ancillary use of the building or other land which will further (whether or not in the same way) the social wellbeing or social interests of the local community.

Members asked whether the land was excluded from listing as “operational land”. The Head of Legal Services said that “operational land” had a technical meaning and, in this context, meant an airport licensed under Part V of the Airports Act 1986. He understood that the airfield held a licence under Part III of the Act but that this did not bring the land within the definition of “operational”.

The Chairman said she had concluded from the evidence presented that the clubhouse use met the test for an asset of community value, as it was open to the community in its own right and hosted community meetings and

events. This was a significant use in its own right and was not subsidiary to another major use.

Members were of the view that, on the basis of the nomination, there was insufficient information for them to conclude that the airfield and open space uses passed the test for listing.

Members were also of the view that the clubhouse use met the second limb of the test. The clubhouse was a going concern and it was realistic to think that it could continue to be used in a similar manner in future. Members discussed the planning position regarding the site and, given the early stage which the local plan process had reached, did not believe that this made continuing use unrealistic.

Members were mindful that the clubhouse use related only to a part of the nominated land, which included the whole of the airfield. The community clubhouse use did not relate to the wider airfield and members considered whether it was appropriate to list the whole of the land nominated.

The Head of Legal Services advised that the legal position was uncertain. There was limited authority to suggest that it might be possible to list a wider parcel of land even if use of only part of it furthered the social wellbeing or social interests of the local community. He referred to a decision of the First Tier Tribunal. (Uptin House -v- Newcastle City Council.)

Members concluded that the circumstances in that case, which related to a single building in multiple use, differed from the current nomination, given the lack of relationship between the community clubhouse use and the airfield.

The report to members advised that, if members were unclear as to the extent of the land which should be listed, they could reject the nomination and invite the nominating body to submit a further application accompanied by a plan showing the clubhouse and land (e.g. parking) that related to the community use.

Members reviewed carefully the representations made on behalf of the owners and operators of the land and were advised on their merits by the Head of Legal Services. In particular, he advised that the private ownership of the land did not preclude listing – it was in the nature of the statutory scheme that land and buildings in private ownership would qualify for listing. It was also not open to members to consider the relative merits of current use of the land and potential future uses.

The Chairman recommended that the nomination should be rejected but said that it would be open to the parish council to submit a new application based on the clubhouse use, identifying the extent of the clubhouse, along with land that related to that community use; e.g. car parking. It would also be open to the Parish Council to produce additional evidence in a further nomination regarding community use of the airfield and community open space use. Members concurred with this suggestion.

RESOLVED: to reject the nomination of Andrewsfield Airfield to be listed as an Asset of Community Value.

The meeting ended at 10.30am.

Committee:	Assets of Community Value	Date:	
Title:	Nominations for Assets of Community Value		16 February 2018
Portfolio Holder:	Councillor S Barker		
Report Author	Sarah Nicholas, Senior Planning Officer	Key decision:	Yes

Summary

1. The Localism Act 2011 introduces a concept of an 'Asset of Community Value'. Section 87 of the Localism Act places a duty of Local Authorities to 'maintain a list of land in its area that is land of community value'.
2. An Asset is of community value if (in the opinion of the local authority) either:
 - an actual current use of the building or other land that is not an ancillary use furthers the social wellbeing or social interests of the local community, and
 - it is realistic to think that there can continue to be non-ancillary use of the building or other land which will further (whether or not in the same way) the social wellbeing or social interests of the local community.or
 - there is a time in the recent past when an actual use of the building or other land that was not an ancillary use furthered the social wellbeing or interests of the local community, and
 - it is realistic to think that there is a time in the next five years when there could be non-ancillary use of the building or other land that would further (whether or not in the same way as before) the social wellbeing or social interests of the local community.
3. The Act states that "social interest" "includes (in particular) each of the following – (a) cultural interest, (b) recreation interest and (c) sporting interests.
4. Assets of community value are buildings or land which involve the physical use by the community and include for example a village shop, pub, community centre, allotment or recreation ground.
5. In February 2013 the District Council listed 83 assets of community value which remain on the list for five years. These assets will therefore be removed from the list on 19 February 2018. Town and Parish Councils were invited to re-nominate these assets.
6. 27 sites have been re-nominated and 5 new sites nominated.
7. The purpose of this report is to enable members to determine in each instance:

- a. Whether each is a valid nomination;
- b. Whether the use of the building (current or recent past) furthers the social welling or interests of the community;
- c. Whether it is realistic to think that in the next 5 years the building could be used to further the social wellbeing or interests of the community.

In considering these questions, members need to consider principal, rather than ancillary, uses of the building.

If members conclude that the answers to these questions are “yes”, the building should be included in the list of assets of community value.

10. The nomination forms in full and maps can be viewed on the website under [currently nominated assets](#).

Financial Implications

- 11. There are direct financial implications arising at this stage which relate to the formal process of identifying and contacting asset owners and, if relevant, registering an asset as a Land Charge. These costs can be met from existing budget and staff resources.
- 12. There is also an unquantifiable financial risk to the Council, if there was a claim for compensation. This needs to be kept under review and at an appropriate time consideration should be given to establishing a contingency reserve to mitigate the risk to the Council's budget. However, the potential liability should not be taken into account in deciding whether or not this is an asset of community value.

Background Papers

- 13. The following papers were referred to by the author in the preparation of this report and are available for inspection from the author of the report.

14. Submission for consideration as Assets of Community Value and any representations available on the website at under [currently nominated assets](#).

Impact

15.

Communication/Consultation	In line with paragraph 8 of The Assets of Community Value (England) Regulations 2012 the Council have taken all practicable steps to give information that it is considering listing the land to the owner of the land, freeholder and occupant. This has taken the form of letters.
Community Safety	No impact.
Equalities	The duty will affect all equally.
Health and Safety	No impact.
Human Rights/Legal Implications	Pursuant to s.19 Human Rights Act 1998 the Secretary of State has certified that in his opinion the Localism Act is compatible with the Convention rights.
Sustainability	If the land is included on the list of Community Assets it will form a Land Charge.
Ward-specific impacts	Broad Oak and the Hallingburys; Saffron Walden; Stansted South and Birchanger
Workforce/Workplace	No impact

Situation

a. Is this a valid nomination?

16. S89 of the Act states that land in a local authority area which is of community value may be included in its list of assets of community value only in response to a “community nomination”, or where permitted by regulation made by the Secretary of State. A community nomination means a nomination by a parish council in respect of land in the parish council’s area or “by a person that is a voluntary or community body with a local connection”.

17. All the nominations have been made by Town or Parish Councils falling within the definition of a parish council for these purposes and the nominated properties are within their respective areas.

18. A nomination must also include:

- i. A description of the nominated land including its proposed boundaries.
- ii. Any information the nominator has about the freeholders, leaseholders and current occupants of the site.
- iii. The reasons for nominating the asset, explaining why the nominator believes the asset meets the definition in the Act.
- iv. The nominator's eligibility to make the nomination.

19. If it meets these requirements it is a valid nomination under S89(2)(i).

b. Does the use of the building (current or recent past) further the social wellbeing or interests of the community?

20. Appendices 1 and 2 set out the evidence submitted by each of the Town and Parish Councils in their nomination form of why it believes that the building or land furthers the social wellbeing or interests of the community.

c. Is it realistic to think that in the next 5 years the use of the building could further the social wellbeing or interests of the community.

21. In considering this question, the test is whether it is "realistic" to think that the use of the building could further the social wellbeing or interests of the community. It is not a balance of probabilities test – realistic means "more than fanciful". The use does not have to be the same as that which took place within the recent past.

22. Appendices 1 and 2 set out the evidence submitted by each of the Town and Parish Councils in their nomination form as to how the property could be acquired and used.

Representations

23. The Council has not received any representations regarding the proposed assets of community value. Any representations received after publication of the report will be reported to Members at the meeting.

Conclusion

24. Valid nominations have been made to the Council.

25. Members need to consider whether the evidence provided shows that the property, current or in the recent past, furthers the social wellbeing or interests of the community.

26. Members need to consider whether it is realistic to think that the property can continue to be used in a manner that furthers the social wellbeing and interests of the local community.

27. Consideration of these issues will lead the Cabinet to determine whether the properties listed in Appendix 1 should be included in the list of assets of community value and those in Appendix 2 should not be listed.

Risk Analysis

28.

Risk	Likelihood	Impact	Mitigating actions
The nominating body or the owner is unhappy with the decision reached.	High risk that one of the bodies will be unhappy with the decision.	<p>The owner has rights of internal review and appeal and can claim for compensation.</p> <p>The nominating body does not have rights of review or appeal. A new nomination can be made with additional information.</p> <p>If it felt the Council had acted unlawfully, it could seek to challenge by way of judicial review.</p>	Carefully scrutinise submissions for inclusion on the Asset List so as to ensure only those which comply with the criteria are included.

1 = Little or no risk or impact

2 = Some risk or impact – action may be necessary.

3 = Significant risk or impact – action required

4 = Near certainty of risk occurring, catastrophic effect or failure of project.

CAR PARKS			
<p>e) Car Park Little Hallingbury</p> <p>Owner: private ownership leased to parish council</p> <p>Nominated by Little Hallingbury Parish Council</p> <p>Current nomination expires 19/2/18</p>	<p>Current use: Car Park</p> <p>Our car park is indeed a much used and needed asset to our village. Situated opposite the village hall it is used for all events and meetings as the parking at the hall is limited. The car park is often used by customers of our post office and community shop which are also situated at the hall.</p> <p>The car park is adjacent to the church yard and very close to the school. It is therefore used by people attending all church services, and used daily by parents of children at the school.</p> <p>We have many attractive walks around our village and walkers also park here before setting off.</p> <p>There is a map of all walks in the car park.</p>	<p>The purchase will be funded by seeking grants and public engagement such as shared ownership or issued shares.</p> <p>In the case of obtaining the land, it would be continued to be used as a car park. The car park proves to be a very useful asset for the community as the numbers of cars are increasing. It is very well used by residents and visitors.</p> <p>It is currently rented to Parish Council at peppercorn rent and is maintained and managed by the Parish Council.</p>	<p>The property furthers the social wellbeing and interests of the community as a convenient parking place for individuals and groups to use to further their cultural, recreational or sporting interests.</p> <p>It is realistic to think that the property can contribute to be used in a manner that furthers the social wellbeing and interests of the local community.</p>

MEETING PLACES			
<p>i) Day Centre, Jubilee Gardens, Saffron Walden</p> <p>Owner: UDC</p> <p>Nominated by Saffron Walden Town Council</p> <p>New nomination</p>	<p>The Day Centre is currently used by the local community for old people to have somewhere to go for a coffee or for a hot meal. Different Community groups hire the centre out for events to provide tea & coffee to guests who come along. Some of the events take place in the Day Centre some take place in the Band stand outside but the centre is used by a lot of people in the community</p>	<p>Jubilee Gardens is very much a part of Saffron Walden's heritage and the Town Council deem it highly appropriate that the site be retained from prosperity perspective. It is felt any development on this site would not be in keeping with the heritage of the site. The Town Council would not look to sell off this land.</p>	<p>The property furthers the social wellbeing and interests of the community as a meeting place for individuals and groups who use the property as a place to meet and socialise to further their cultural, recreational or sporting interests.</p> <p>It is realistic to think that the property can contribute to be used in a manner that furthers the social wellbeing and interests of the local community.</p>
<p>j) Fairycroft House, Audley Road, Saffron Walden</p> <p>Owner: Fairycroft House Community Interest Company</p> <p>Nominated by Saffron Walden Town Council</p>	<p>At present the buildings are being used as an office premises, adult learning centre and a youth centre. These facilities are vital to the local community.</p>	<p>Whilst it is currently being used as an office premises, adult learning centre and a youth centre, the Town Council feel that the building could be used for volunteers, youth groups or in a heritage capacity and, therefore furthers the social wellbeing and interests of the local community, particularly people who live in Saffron Walden area.</p>	<p>The property furthers the social wellbeing and interests of the community as a meeting place for individuals and groups who use the property as a place to meet and socialise to further their cultural, recreational or sporting interests.</p> <p>It is realistic to think that the property can contribute to be</p>

<p>Previously listed but removed from the register following a relevant disposal in the protected period</p>		<p>Facilities for the young and old are in decline in the area so an opportunity to improve this state would be of huge benefit to the community.</p> <p>The Town Council would like the building to continue to be used by the community with the different types of classes and events that are put on in the building but however if the building were sold a community project or local council could buy the building and continue to offer local adult learning classes and community events for people living in & around Saffron Walden.</p>	<p>used in a manner that furthers the social wellbeing and interests of the local community.</p>
<p>k) Birchanger Village Hall, Birchanger</p> <p>Owner: Diocese of Chelmsford</p> <p>Nominated by Birchanger Parish Council</p> <p>Current nomination expires 19/02/18</p>	<p>Current usage highlights how it furthers the social wellbeing and/or interests of the whole of the community. It creates social cohesion and promotes social wellbeing through both social and physical activity across a diverse range of groups. It is realistic to think in the next five years these interests will be served – bookings are available and open to all in the community.</p>	<p>The parish council could ask residents if they are happy for the council to use some of its reserves to purchase the building. In addition, donations could be sought. The building would not be developed and would continue to serve as an amenity for the village residents.</p>	<p>The property furthers the social wellbeing and interests of the community as a meeting place for individuals and groups who use the property as a place to meet and socialise to further their cultural, recreational or sporting interests.</p> <p>It is realistic to think that the property can contribute to be used in a manner that furthers the social wellbeing and interests of the local community.</p>

It is important to understand that this area lies within a floodplain, which would limit any prospect of a new development or more formal use. Whilst not advocating that access to this area is improved, the land might be developed into a wildlife site. It has also been recommended as an area designated to `Protected Open Space` for environmental value.</p> <p>The pond and surrounding area is used daily by families going out for walks and to see the wildlife within this area, older people walk down and sit on the benches and watch the world go by.</p>	<p>It is important to understand that the area lies which would limit any prospect of a new development or more formal use. Whilst not advocating that access to this area is improved, the land could be developed into a wildlife site which would be of great environmental use to people in the town, families can visit it for wildlife spotting and educational visits.</p> <p>Every town should have facilities where young & old can integrate with wildlife, this pond provides that and the loss of this type of facility would impact the lives of young families and older people who visit this area regularly.</p>	<p>Please see map at Appendix 3.</p> <p>The pond area (shown with red cross hatching on map) is considered to further the social wellbeing and interests of the community as a meeting place for individuals and groups who use the property as a place to meet and socialise to further their cultural, recreational or sporting interests.</p> <p>It is realistic to think that this property can contribute to be used in a manner that furthers the social wellbeing and interests of the local community.</p> <p>However:- It is considered that the overgrown land to the south of Freshwell Gardens, (shown by red stipple on the map) which is in private ownership, has not been demonstrated to be in current use as a community asset as there is no public access/use currently occurring and no community use has occurred within the last 5 years. This part of the proposal fails to meet the requirements of the Act.</p>
