

EMPLOYMENT TRIBUNALS

Claimant: Miss C Hughes
Respondent: Persimmon Homes Thames Valley

JUDGMENT

The claimant's application dated **17 April 2022** for reconsideration of the judgment sent to the parties on **4 April 2022** is refused.

REASONS

There is no reasonable prospect of the original decision being varied or revoked, because nothing in the claimant's application suggests that she has the necessary two years' service to bring an unfair dismissal claim or that any exception to that rule applies. The claimant should note that her disability discrimination claim (which is the subject of separate orders) continues and is not struck out.
