**Respondent:** No attendance

# JUDGMENT

The unanimous judgment of the tribunal is that, in the absence of the claimant, the claim is dismissed.

# REASONS

- 1 This matter was listed for a remedy hearing, the claimant having succeeded in her claims of unfair dismissal, wrongful dismissal and failure to provide a statement of terms of employment.
- 2 There was no attendance before us by or on behalf of the claimant. The tribunal rung her telephone number but it was apparently disconnected.
- 3 It is for a party to prove its losses. In the absence of the claimant she was unable to do so and accordingly her claim was dismissed.
