1. Key results

- 1.1 In the financial year 2021-22 there were 38,436 housing starts on site and 37,164 housing completions delivered through programmes managed by Homes England in England (excluding London for all programmes except those administered by Homes England on behalf of the Greater London Authority (GLA)). Levels of starts and completions were higher than in 2020-21 when the Covid-19 pandemic caused a slow-down in housebuilding activity. Homes England manages the Help to Buy (Equity Loan) scheme in England but the completions are reported by the Department for Levelling Up, Housing and Communities (DLUHC) (formerly the Ministry of Housing, Communities and Local Government (MHCLG)) available from the webpage linked below¹ and are, therefore, excluded from this publication.
- 1.2 27,509 or 72 per cent of housing starts on site in 2021-22 were for affordable homes. This represents a decrease of 2 per cent on the 28,176 affordable homes started in 2020-21, when they accounted for 76 per cent of all housing starts. The number of affordable starts was the lowest since 2015-16 which can be attributed to the closure of bidding for the Shared Ownership and Affordable Homes Programme (SOAHP) 2016-21 in March 2021 and the gradual build up of starts from the newly launched Affordable Homes Programme (AHP) 2021-26.
- 1.3 5,606 affordable homes started were for Affordable Rent, a reduction of 48 per cent on the 10,713 started in 2020-21. A further 4,778 were for Intermediate Affordable Housing schemes, including Shared Ownership and Rent to Buy. This is a decrease of 35 per cent on the 7,314 started in 2021-22. 1,981 were for Social Rent, a decrease of 23 per cent on the 2,585 started in the previous year. In addition, a further 15,144 affordable homes started with tenure to be confirmed², an increase of 100 per cent on the 7,564 started in the previous year. Of the affordable homes started in 2021-22, the highest delivering programmes were: SOAHP 2016-21 with 54 per cent (down from 90 per cent); the AHP 2021-26 with 39 per cent in its first year of delivery; and the Single Land Programme (SLP) with 3 per cent (down from 4 per cent).
- 1.4 26,485 or 71 per cent of housing completions in 2021-22 were for affordable homes. This represents an increase of 11 per cent on the 23,949 affordable homes completed in the previous year, when they accounted for 69 per cent of total completions.
- 1.5 13,929 affordable homes completed were for Affordable Rent, an increase of 5 per cent on the 13,306 completed in the previous year. A further 9,479 were for Intermediate Affordable Housing schemes, including Shared Ownership and Rent to Buy, an increase of 8 per cent on the 8,747 completed in the previous year. The remaining 3,077 were for Social Rent, a 62 per cent increase on 1,896 completed in the previous year. Of the affordable homes completed, the highest delivering programmes were: the SOAHP 2016-21 with 86 per cent (down from 89 per cent); the AHP 2021-26 with 3 per cent in its first year of delivery; and the Single Land Programme with 3 per cent (no change).

² Affordable Tenure TBC refers to units that have reached the start on site milestone but where the tenure of these units has not yet been specified. This was introduced as a flexibility for Strategic Partnerships to enable them to determine tenure close to or at the point of completion. These starts will be restated under their specified tenure headings in future national statistics updates once the tenure has been established at completion.

2. Introduction

Geographical coverage

2.1 This release presents the housing starts on site and housing completions delivered by Homes England between 1 April 2009 and 31 March 2022 in England excluding London (for both the current and historical series³) with the exception of the Build to Rent (BTR), Builders Finance Fund (BFF), Get Britain Building (GBB) and the Home Building Fund – Short Term Fund (HBF – STF) programmes which are administered by Homes England on behalf of the Greater London Authority (GLA) and where delivery covers all of England including London.

Purposes and uses

- 2.2 The figures in this release show the supply of affordable and market housing delivered through Homes England's programmes⁴ with the exception of Help to Buy (Equity Loan scheme), the statistics for which are published quarterly by DLUHC⁵. Further details on housing types are available in section 5 of the technical notes document accompanying this release⁶. DLUHC also publishes annual statistics on affordable housing supply in England⁷ showing the gross annual supply of affordable homes, irrespective of funding mechanism. Further information on the Affordable Housing Supply and Help to Buy releases is provided in section 6 of the technical notes document.
- 2.3 The data in this release are used by DLUHC to monitor delivery of affordable homes as part of the DLUHC business plan (see paragraph 6.3 in the technical notes). Homes England uses the data to measure progress towards commitments made in its published Strategic Plan⁸ and its Annual Business Plan. Local authorities also use the data when compiling their annual return to DLUHC for the purpose of calculating the enhancement for affordable housing under the New Homes Bonus (NHB), a grant for local authorities to incentivise new housing supply.

What is included in this release?

- 2.4 This is the first release of data relating to delivery for the financial year ending 31 March 2022 and covers all current and historical programmes delivered by Homes England (summarised in Annex 1). These include the acquisition of existing land or property as well as new house building, and some programmes provide a mix of affordable and market housing. Affordable housing may be for home ownership (on Shared Ownership or Rent to Buy terms) or for rent.
- 2.5 Housing starts on site and housing completions are reported for each programme, where applicable.
- 2.6 A programme breakdown of the data is available in Table 1 of the tables accompanying this release⁶. Further information on the accompanying tables is provided in section 4 of this release. Table A of the latest annual statistics on affordable housing supply in England published by DLUHC⁷ shows how Homes England programmes relate to the statistics on affordable housing published by DLUHC.

How is new subsidised housing provided?

- 2.7 Affordable homes delivered through Homes England programmes are funded by central government. The funding is administered by Homes England to fund investment partners (including private registered providers, house builders, community groups and local authorities) to deliver affordable housing.
- 2.8 With the exception of the Single Land Programme (SLP), funding for all programmes is allocated through an application/bidding process based on the assessment eligibility/criteria for each

³ As housing starts on site and completions are recorded by their geographical location, this release may exclude homes located outside London where the funding was allocated to a local authority district within London.

programme. Funding is paid in accordance with the contractual agreement for each programme. Investment for projects delivered under the SLP is determined in accordance with Homes England's Framework Document⁹ and relevant commissioning template.

London

- 2.9 Since April 2012, the Mayor of London has had oversight of strategic housing, regeneration and economic development in London. This means that Homes England no longer publishes housing starts on site and completions for London, except where Homes England is administering a programme on behalf of the GLA. The historical series for London, which reflects past delivery by Homes England, is included in Homes England's housing statistics published on 12 June 2012 (revised 24 August 2012) available from the housing statistics page on the Homes England section of GOV.UK¹⁰.
- 2.10 DLUHC has combined the affordable housing statistics in this release with the GLA's affordable housing statistics to produce Table 1012 showing total affordable housing starts on site and completions delivered nationally under the affordable housing programmes of Homes England and the GLA¹¹. From 2019/20 onwards, table 1012 includes units delivered by the GLA funded via the Right to Buy ringfence offer which are not included in their quarterly management information. Therefore there will be some discrepancies between the total in this table and the GLA's own tables. This table excludes additional affordable housing delivery reported annually through local authority returns, which are included in DLUHC's full annual release on affordable housing supply in England¹². The table includes any revisions made to London data since it was published by Homes England on 12 June 2012 (revised 24 August 2012). Further details are provided in section 6 of the technical notes.

3. Housing outputs

This section provides the detailed statistics for housing starts and completions by tenure. It includes all Homes England programmes and analyses them over time¹³.

Data for the current and previous year should be considered as provisional since they are subject to revisions as set out in section 4 of the technical notes accompanying this release.

¹ Since April 2012, the Mayor of London has had oversight of strategic housing, regeneration and economic development in London. This means that Homes England no longer publishes housing starts on site and completions for London (current and historical series) except for delivery in London under the Build to Rent, Builders Finance Fund, Get Britain Building and The Home Building Fund - Short Term Fund (HBF - STF) programmes which are administered by Homes England on behalf of the GLA. The historical series for London included in Homes England's housing statistics published on 12 June 2012 (revised 24 August 2012) is available from: https://www.gov.uk/government/collections/housing-statistics

² Figures by local authority and region are available in the accompanying tables.

³ To ensure consistent reporting with completions, with effect from 1 April 2014 the range of products reported for affordable housing starts on site includes the start on site for new build homes where the procurement route is such that the provider purchases the home at completion. For reporting purposes, the start on site date is taken as the date of completion.

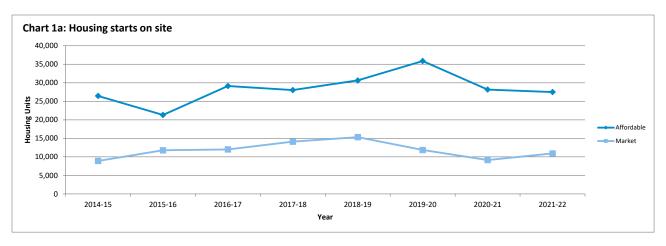

Tenure will be determined on completion of the unit and will be restated in future releases under its appropriate tenure.

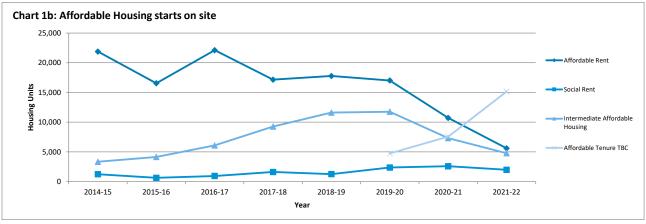

⁵ Total affordable housing is the sum of Affordable Rent, Social Rent, Intermediate Rent, Affordable Home Ownership and (for starts only) Affordable Tenure TBC.

⁶ The market units delivered under the Accelerated Land Disposal, Build to Rent, Builders Finance Fund, Economic Assets, Get Britain Building, Kickstart Housing Delivery, Levelling Up - Home Building Fund, Local Authority Accelerated Construction, Property and Regeneration, Single Land and the HBF - STF programmes may include some starts on site and completions which are made available at below market price or rents but do not meet the definition for affordable housing.

¹³ The tables and charts in this and future releases have been restricted to an eight-year rolling profile to avoid overcrowding pages with excessively long graphics. For earlier years (going back to 2009-10) please see the accompanying tables and previous releases available at https://www.gov.uk/government/collections/housing-statistics.

In the period 1 April 2021 to 31 March 2022 (financial year 2021-22, with comparisons to 2020-21):

- 3.1 A total of 38,436 homes started on site, representing an increase of 1,115 or 3 per cent compared to 37,321. Excluding last year, levels of starts were the lowest since 2015-16 and this can be attributed to the closure of the SOAHP 2016-21 to new bids at the end of March 2021 as well as the effects of the Covid-19 pandemic on the housebuilding industry. Additionally, whilst the AHP 2021-26 was open, the first year of a new programme typically sees fewer starts.
- 3.2 27,509 or 72 per cent of housing starts on site were for affordable homes a decrease of 667 or 2 per cent compared to 28,176. Whilst some of this can be attributed to the Covid-19 pandemic affecting housebuilding activity, 2021-22 is the first year of the AHP 2021-26 and historical trends show that delivery of starts tends to be low at the beginning of a new programme.
- 3.3 5,606 (20 per cent) of affordable homes started were for Affordable Rent, a reduction of 5,107 or 48 per cent on 10,713. A further 4,778 (17 per cent) were for Intermediate Affordable Housing schemes, including Shared Ownership and Rent to Buy. This is a decrease of 2,536 or 35 per cent on 7,314. 1,981 (7 per cent) were for Social Rent, a decrease of 604 or 23 per cent on 2,585. In addition, a further 15,144 (55 per cent) of affordable homes started with tenure to be confirmed, an increase of 7,580 or 100 per cent on 7,564 (mainly due to delivery from Strategic Partners increasing in scale and delivery from non-Strategic Partners tailing off due to the SOAHP 2016-21 closed for new business). All 'tenure to be confirmed starts' originate from Strategic Partnerships where providers are not contractually required to identify the tenure of a unit until completion. The increase in this type of starts from 2019-20 corresponds directly to the overall increase in Strategic Partnership starts as the programme reached maturity in 2020-21. The tenure for these units will not be known until completion and they will be restated under their appropriate tenure in future releases.

3.4 Table 1b below shows the percentage of Homes England's affordable housing starts on site delivered by each region¹⁴ compared to last year¹⁵, ranked highest to lowest. A map showing the region boundaries is available at Annex 2.

Table 1b: Affordable Housing Starts on Site - Percentage Delivery by Region

	2021-22	2020-21
North West	24%	24%
South East	15%	18%
West Midlands	14%	11%
East Midlands	12%	10%
South West	11%	10%
East of England	10%	13%
Yorkshire and The Humber	9%	9%
North East	5%	6%
London	0%	1%

3.5 The number of market starts on site increased by 1,782 (19 per cent) to 10,927 compared to 9,145. The SLP produced nearly half of these at 4,999 or 46 per cent, the HBF – STF delivered 4,816 or 44 per cent, the Levelling Up – Home Building Fund (LU-HBF) delivered 635 or 6 per cent and the remaining 477 or 4 per cent were delivered by Local Authority Accelerated Construction (LAAC). The rise in market starts compared to the same period last year can be attributed to a less severe impact from the Covid-19 pandemic which necessitated the closure of most building sites at the beginning of the 2020-21 financial year.

⁷ Some of the market completions delivered since 2013-14 may include houses sold to purchasers who have received assistance through the Help to Buy scheme to buy a property at market value from a house builder where the scheme as a whole may have benefitted from funding through another programme. Help to Buy is reported by DLUHC (see https://www.gov.uk/government/collections/help-to-buy-equity-loan-and-newbuy-statistics)

In the period 1 April 2021 to 31 March 2022 (financial year 2021-22, with comparisons to 2020-21):

- 3.6 37,164 homes were completed, an increase of 2,227 or 6 per cent compared to 34,937. Excluding 2020-21, levels of completions were the lowest since 2017-18 and, as with housing starts, this can be attributed to the effects of the Covid-19 pandemic on the housebuilding industry.
- 3.7 26,485 (71 per cent) affordable homes were completed, an increase of 2,536 or 11 per cent compared to 23,949.
- 3.8 13,929 (53 per cent) of affordable completions were for Affordable Rent, an increase of 623 or 5 per cent compared to 13,306. Intermediate Affordable Housing accounted for a further 9,479 (36 per cent), an increase of 732 or 8 per cent compared to 8,747. The remaining 3,077 (12 per cent) of affordable homes completed were for Social Rent, an increase of 1,181 or 62 per cent compared to 1,896. The increase in Social Rent completions follows the upward trend seen over recent years and is a reflection of the funding being focussed on intermediate tenures in the early years of the 2016-21 programme with the grant funding opening up to Affordable Rent and Social Rent in subsequent years.

3.9 Table 2b below shows the percentage of Homes England's affordable housing completions delivered by each region compared to last year¹⁶, ranked highest to lowest.

Table 2b: Affordable Housing Completions - Percentage Delivery by Region

	2021-22	2020-21
South East	22%	22%
North West	18%	17%
East of England	13%	16%
West Midlands	13%	12%
South West	10%	10%
East Midlands	10%	8%
North East	7%	6%
Yorkshire and The Humber	7%	8%

3.10 10,679 market homes completed, a decrease of 309 or 3 per cent compared to 10,988. Fluctuations in the number of market completions between periods reflects the nature of the programmes, with different types and sizes of sites commencing at different times and having varying build-out rates. Market completions were delivered by the SLP with 4,914 or 46 per cent, HBF - STF with 4,814 or 45 per cent, BTR with 524 or 5 per cent, LAAC with 391 or 4 per cent and GBB with 36 (less than half a per cent).

First Homes

3.11 32 First Homes (FH) completions were delivered in the second six months of 2021-22 but are excluded from the accompanying tables as they have been reported as Market units. These FH units are part of a small phase 1 pilot being delivered by the SLP, the starts on site for which are also reported as market units. A phase 2 grant funded pilot is delivering 1,500 FH units via the First Homes Early Delivery Programme 2021-23. Both pilots are in advance of the delivery of First Homes via Planning Policy. These FH completions are included in Table 1012 published by DLUHC¹⁷, therefore the total affordable housing in table 1012 will differ from this release.

- 4.3 In a small number of cases, Homes England funding to an affordable housing provider may be to support a person or family to be housed in a local authority that is different to the one in which they currently reside. The local authority presentations in Table 2a, 2b and 2c are based on the local authority district in which the house is located. These tables also identify the region in which each local authority is located.

A brief history of Homes England

5.2 Homes England was launched by the Secretary of State on 11 January 2018. Homes England is the trading name of Homes and Communities Agency (HCA) (the legal entity). The HCA was created on 1 December 2008 by bringing together the regeneration body English Partnerships (including the Property and Regeneration programme), the investment arm of the Housing Corporation (including the National Affordable Housing Programme), the Academy for Sustainable Communities and a number of housing and regeneration programmes from DLUHC (then known as the Department for Communities and Local Government (DCLG). In October 2011, the HCA took responsibility for the land and property assets of eight of England's nine Regional Development Agencies, ahead of their operational closure in March 2012. On 1 April 2012, the HCA's former London operating area transferred to the GLA.

Homes England's programmes

The following table and links provide information about Homes England's programmes which are funded by the Ministry of Housing, Communities and Local Government except for Care and Support Specialised Housing, Homelessness Change 2015-18 and Platform for Life which are funded by the Department of Health:

Programme	Programme Summary	Tenure ¹	Build Type ²
Accelerated Land Disposal	The Accelerated Land Disposal programme was announced in the Budget 2011 to support the additional or accelerated delivery of 3,000 housing starts on site by 31 March 2015. With effect from 1 April 2015, existing commitments transferred to the Single Land Programme.	Social Rent / AHO / Market	NB
Affordable Homes Guarantees	On 6 September 2012, the Government announced its proposal to guarantee up to £10bn of debt to help housing providers expand the provision of both purpose built private rented and affordable housing. As well as the Guarantee for the Affordable Homes element, the Government confirmed that it would make £225m of funding available for new affordable housing, for use where needed alongside the Affordable Homes Guarantee. This funding was then doubled in the 2013 Budget to £450m, including London, to support up to 30,000 new affordable homes.	Aff. Rent / Social Rent / AHO	NB/A
Affordable Homes Programme 3	The Affordable Homes Programme was announced as part of the Government's Spending Review 2010 and delivered over 58,000 (excluding London) new affordable homes by 31 March 2015, with rents set at up to 80 per cent of market rent.	Aff. Rent / Social Rent / AHO	NB/A
Affordable Homes Programme 2015 - 18	The Affordable Homes Programme 2015-18 replaced the Affordable Homes Programme 2011-15 and aims to increase the supply of new affordable homes in England by March 2018. It is now closed although commitments agreed under this programme will be delivered during the 2016-21 period.	Aff. Rent / Social Rent / AHO (Shared Ownership)	NB/A
Affordable Homes Programme 2021-26	The Affordable Homes Programme 2021-26 is replacing the Shared Ownership and Affordable Homes Programme 2016-21 with the aim to increase the supply of new affordable homes in England by March 2026.	Aff. Rent / Social Rent / AHO (Shared Ownership)	NB/A
Build to Rent	The Build to Rent Fund was launched in December 2012 in response to the recommendations of the Montague report to stimulate new private rented housing supply and to provide opportunities for new institutional investment in the sector. It will support the delivery of up to 10,000 new homes.	Market	NB
Builders Finance Fund	The £525 million Builders Finance Fund is designed to help restart and speed up housing developments between 5 and 250 units that have slowed down or stalled. Its main objective is to address difficulties in accessing development finance faced by some house builders, particularly smaller developers, and to help bring forward stalled but viable sites. With effect from October 2016, existing commitments transferred to the Home Building fund – Short Term Fund.	Social Rent / Int. Rent / AHO / Market	NB/A

Programme	Programme Summary	Tenure 1	Build
Care and Support Specialised Housing Fund	The Department of Health's Care and Support Specialised Housing Fund (CASSH) provides funding for housing for older people and adults with disabilities (physical or sensory disabilities, mental health needs and learning disabilities & autism). The fund is spilt into two phases. Phase 1 was launched in October 2012 and phase 2 was launched in February 2015. The initial budget for the programme was £160m over five years (2013-14 to 2017-18) outside London. In 2013, this was increased by a further £80m and the delivery time frame extended to 2020-21.	Aff. Rent / Social Rent / AHO (Shared Ownership)	NB/A
Economic Assets	The Economic Assets programme was announced in the Budget 2011 and worked with partners to ensure the effective use and disposal of more than 300 land and property assets transferred from the former Regional Development Agencies. With effect from 1 April 2015, existing commitments transferred to the Single Land Programme.	Social Rent / Int. Rent / AHO / Market	NB/A
Empty Homes ³	The Empty Homes programme was announced as part of the Government's Spending Review 2010 to bring back into use empty residential properties (in private ownership) as affordable housing. The programme delivered 2,759 homes by 30 September 2016 outside London.	Aff. Rent / Social Rent / AHO	A
Empty Homes Round Two	In November 2012 a second round of funding was launched to bring back into use empty properties as affordable housing. As well as residential properties (in private ownership), the programme had an emphasis on the refurbishment of empty commercial and non-residential properties. The programme delivered 868 homes by 31 March 2017 outside London.	Aff. Rent / Social Rent / AHO	A
<u>FirstBuy</u>	The FirstBuy scheme was announced in the Budget 2011 to help support 10,000 first time buyers on the property ladder. The scheme was expanded in September 2012 and from 1 April 2013 was replaced with Help to Buy	АНО	NB
Get Britain Building	The Get Britain Building programme was set up to unlock more than 12,000 homes on stalled sites with planning permission through access to development finance.	Social Rent / Int. Rent / AHO / Market	NB

Programme	Programme Summary	Tenure 1	Build Type ²
Help to Buy (equity loan)	Help to Buy was announced in the Budget 2013 to help purchasers struggling to buy a new build home. It offers a maximum 20% (40% in London) equity loan (minimum 10%) on new build properties up to a maximum purchase price of £600,000. Launched in April 2013 with an initial budget of £3.7bn, the programme aspired to support 74,000 plus homebuyers in the first 3 years. The 2015 Spending Review confirmed £8.6bn of funding and extended the programme to 2021 to assist an anticipated 145,000 purchases. In October 2017, the Government announced it will invest a further £10 billion in the Help to Buy Equity Loan programme.	Market	NB
	More than 130,000 completions have already taken place by people using the equity loan, which helps people buy a new build home with only a 5% deposit. The new funding means that the Help to Buy Equity Loan could help around 135,000 more people to buy homes by 2021. This would bring the total number of households across England that would be supported through the scheme since it began in 2013 to around 360,000.		
Homelessness Change ³	The Homelessness Change Programme was announced as part of the Government's Spending Review 2010 and delivered 1,128 new or refurbished bed spaces in hostel accommodation by 31 March 2015 (outside London).	Aff. Rent	NB/A
Homelessness Change 2015-18	Homes England is allocating a share of up to £25 million capital funding for specialist housing providers, on behalf of the Department of Health, to bring forward proposals for developing and improving hostel accommodation and facilities for the delivery of healthcare, training or education aimed at supporting rough sleepers, those at risk of sleeping rough, and other non-statutory homeless people of specialist housing to meet the needs of older people and adults with disabilities or mental health problems outside of London. This programme was launched jointly alongside the Platform for Life fund in March 2015.	Aff. Rent	NB/A
Kickstart Housing Delivery	The Kickstart Housing Delivery programme was part of the 2009 Housing Stimulus Programme investing in restarting more than 20,000 homes on stalled sites. The programme closed on 31 March 2013.	Social Rent / Int. Rent / AHO / Market	NB
<u>Levelling Up –</u> <u>Home Building Fund</u>	The Levelling Up – Home Building Fund offers finance from £250,000. Smaller loans for innovative housing solutions will also be considered.	Social Rent / Int. Rent / AHO / Market	NB
Local Authority Accelerated Construction	Through our new Accelerated Construction programme we want to provide a tailored package of support to ambitious local authorities who would like to develop out surplus land holdings at pace. There is no single approach to accelerated construction that we expect to support. Our intention is to support a range of proposals at different scales and in locations where there is sufficient demand for housing.	Social Rent / Int. Rent / AHO / Market	NB
Local Authority New Build	The Local Authority New Build programme was set up to deliver 4,000 homes for rent by 31 March 2012.	Social Rent	NB

Programme	Programme Summary	Tenure 1	Build Type ²
Mortgage Rescue ³	The Mortgage Rescue scheme was announced as part of the Government's Spending Review 2010 to provide support to some 2,500 vulnerable home owners struggling to maintain mortgage payments and at risk of repossession. This scheme is now closed.	AHO / Int. Rent	A
National Affordable Housing Programme	The National Affordable Housing Programme is the predecessor to the AHP 2011-15.	Social Rent / Int. Rent / AHO	NB/A
Platform for Life	Homes England is allocating a share of up to £25 million capital funding for specialist housing providers, on behalf of the Department of Health, to bring forward proposals for developing low-rent accommodation for young people aged 18 to 24 who are homeless or at risk of homelessness and are in housing need, to support their participation in work, further education or vocational training, with the aim of assisting residents into long term employment and independence, and improving their prospects for a successful and healthy life. This programme was launched jointly alongside the Homelessness Change 2015 to 2017 fund in March 2015.	Aff. Rent	NB/A
Property and Regeneration Programme	The Property and Regeneration programme covered all the historical property and regeneration investments and assets inherited from English Partnerships. With effect from 1 April 2015, existing commitments transferred to the Single Land Programme.	Social Rent / Int. Rent / AHO / Market	NB/A
Rent to Buy	The Rent to Buy Loan 2015-17 provided loans at a low, fixed rate to registered providers to deliver homes outside London. The homes will be let at a sub-market rent for at least 7 years with the intention of supporting working households to save money and achieve their aspiration of home ownership. This programme is now closed.	АНО	NB
Right to Buy Replacement	With effect from 2 April 2012, every additional local authority home sold under Right to Buy will be replaced by a new home for affordable rent, with receipts from sales recycled towards the cost of replacement. Where a local authority decides not to undertake the development themselves, they return the relevant portion of the receipts to DLUHC for re-investment nationally.	Aff. Rent	NB
Shared Ownership and Affordable Homes Programme 2016-21	This programme aims to increase the supply of Shared Ownership and other affordable homes in England by March 2021.	Aff. Rent / Social Rent / AHO (Shared Ownership and Rent to Buy)	NB/A
Short Form Agreement ³	A Short Form Agreement (SFA) is used by Homes England to contract with providers who wish to deliver Affordable Rent units without Homes England funding.	Aff. Rent	NB/A

Progra	amme	Programme Summary	Tenure 1	Build
				Type ²
	: Land amme	The Single Land Programme, with effect from 1 April 2015, consists of existing commitments taken from the amalgamation of historical Homes England land programmes (Accelerated Land Disposal, Economic Assets and Property and Regeneration) and transferred sites from across Government under the Public Sector Land Transfer model. It is a self-financing programme funded through the recycling of receipts supporting Government's targets on housing (including starter homes), public sector land release and asset disposals.	Social Rent / Int. Rent / AHO / Market	NB/A
Fund - SI	e Building hort Term nd	The Home Building Fund is government finance to increase the number of new homes being built in England. Applications are being accepted from private sector businesses to build new homes or prepare sites for development.	Social Rent / Int. Rent / AHO / Market	NB/A
	er Pitch ling ³	The Traveller Pitch Funding programme was announced as part of the Government's Spending Review 2010 and delivered 515 new traveller pitches by 31 March 2015 (outside London). In addition, 386 refurbished pitches were delivered.	Aff. Rent / AHO	NB/A

¹ Tenure indicates whether units delivered under each programme are allocated to Affordable Rent (Aff. Rent), Social Rent (Social Rent), Intermediate Rent (Int. Rent), Affordable Home Ownership (AHO), including Shared Ownership and Rent to Buy, or Open Market (Market).

² New supply is either a new build (NB) or an acquisition (A) from existing non-affordable stock. Grant under some programmes can be used to deliver either newly built units or to fund acquisitions.

³ The programme was part of the Affordable Homes Programme (AHP) 2011-15. The majority of delivery through the AHP 2011-15 and other associated programmes was made available as Affordable Rent with some Affordable Home Ownership and, in some limited circumstances, Social Rent. Intermediate Rent was not delivered by the AHP 2011-15 unless it was through Mortgage Rescue or pre-existing commitments from the National Affordable Housing Programme.
