Dear [REDACTED]

PROVISION OF REQUESTED INFORMATION

Thank you for your request for information about poultry and pig farms, which APHA received on 10 March 2022. Your request has been handled under the Freedom of Information Act (FOIA) 2000.

The information you requested and the response is detailed below:

“Is it possible for you to send me through a list of all the Poultry and Pig Farms in the UK? Ideally this would include the farm type (poultry or pig), post code and number of animals.”

The information requested can be found at Appendix 1. The information provided is current at the time of this response.

It is only compulsory to register flocks of poultry of over 50 birds with APHA. Owners/Keepers can voluntarily register flocks of less than 50 birds. To find out more about the registration of birds visit the GOV.Uk website for information here:

<https://www.gov.uk/government/publications/poultry-including-game-birds-registration-rules-and-forms>

The information provided are the livestock numbers provided by the keeper upon registration. As part of the registration process, APHA ask the keeper what their usual stock numbers are, and this is recorded in the APHA database. It is the responsibility of the owner/keeper to keep APHA informed of any number changes.

Any blank entries for livestock numbers or those with 0 is because there was no stock to record at the time of registration and APHA have not been informed since of any changes by the owner/keeper.

Where the post code is described as blank the post code of the premises was not recorded at the time of registration.

Part of the information that you have requested has been exempted from release under Section 40 of the Freedom of Information Act (FOIA) 2000.

Section 40

The post code data has been supplied using the first letters/digits of the post code as the full post code in some instances would lead to the identification of premises.

We confirm that APHA does hold the information that you have requested as detailed above, but we have decided that some of the information should be withheld under sections 40(2) and 40(3A) of the FOIA as the information constitutes personal data relating to persons other than you.

These sections exempt personal information from disclosure if that information relates to someone other than the applicant, and if disclosure of that information would breach any of the data protection principles in Article 5(1) of the General Data Protection Regulation (GDPR).

APHA is an Executive Agency of the Department for Environment, Food and Rural Affairs and also works on behalf of the Scottish Government, Welsh Government and Food Standards Agency to safeguard animal and plant health for the benefit of people, the environment and the economy. We consider that disclosure of this information is likely to breach the first data protection principle, which provides that personal data must be processed lawfully, fairly, and in a transparent manner. Disclosure would not constitute 'fair' processing of the personal data because, it would lead to the identification of 3rd parties.

Information disclosed in response to this FOI request is releasable to the public. In keeping with the spirit and effect of the FOI and the government's Transparency Agenda, this letter and the information disclosed to you may be placed on GOV.UK, together with any related information that will provide a key to its wider context. No information identifying you will be placed on the GOV.UK website.

An Annex is attached which explains the copyright that applies to the information being released to you and contact details should you be unhappy with the service you have received.

If you have any queries about this letter, please contact the Access to Information Team at the email address below or postal address at the top of this letter.

Yours sincerely
