Per

Week

(excluding water rates and council tax
but including any amounts in paras
3&4)

2. The effective date is

24 May 2022

3. The amount for services is

Not applicable

Per

4. The amount for fuel charges (excluding heating and lighting of common parts) not counting for rent allowance is

Not applicable

Per

5. The rent is not to be registered as variable.

6. The capping provisions of the Rent Acts (Maximum Fair Rent) Order 1999 apply (please see calculation overleaf).

7. Details (other than rent) where different from Rent Register entry.

2 bedroom Victorian mid terrace with small yard. 2 living rooms, kitchen in need of updating, bathroom. Market rent increased more than capped rent. Internal inspection identified water penetration in back living room, bedroom and landing that appears to be the result of defective gutting.

The fair rent to be registered is the maximum fair rent as prescribed by the Rent Acts (Maximum Fair Rent) Order 1999. The rent that would otherwise have been registered was £134.00 per week. (variable).

Explanatory Note

1. The calculation of the maximum fair rent, in accordance with the formula contained in the Order, is set out above.
2. In summary, the formula provides for the maximum fair rent to be calculated by:
 - (a) increasing the previous registered rent by the percentage change in the retail price index (the RPI) since the date of that earlier registration and
 - (b) adding a further 7.5% (if the present application was the first since 1 February 1999) or 5% (if it is a second or subsequent application since that date).

A 7.5% increase is represented, in the calculation set out above, by the addition of 1.075 to (B) and an increase of 5% is represented by the addition of 1.05 to (B).

The result is rounded up to the nearest 50 pence.
3. For the purposes of the calculation the latest RPI figure (x) is that published in the calendar month immediately before the month in which the Tribunal's fair rent determination was made.
4. The process differs where the tenancy agreement contains a variable service charge and the rent is to be registered as variable under section 71(4) of the Rent Act 1977. In such a case the variable service charge is removed before applying the formula. When the amount determined by the application of the formula is ascertained the service charge is then added to that sum in order to produce the maximum fair rent.
