This page is only a cover that can be issued via Export Health Certificate Online (EHCO) to provide a unique certificate reference number for the Czech issued template certificate, which will be issued by the Czech authorities for each consignment. Exporters should obtain the template from the importer or the party to which the import permit/licence is issued by the Czech authorities.

The English translation on their template is provided by them and we are not at liberty to alter any text. Please ensure you read the associated Notes for Guidance to this commodity export.

This cover page does NOT accompany the consignment. The completed Czech certificate must accompany the consignment.

A copy must be retained and electronically uploaded via the EHCO system.
