- 1) The total showed in each table is for the 12 month period 1st January 2021 to 31st December 2021
- 2) In **TABLE ONE** - each number represents one patients delayed discharge, the total number in the **grand total** column represents young people delayed by the specific service line for the 12 month period e.g. 7 young people experienced delayed discharges in CAMHS eating disorder services
- 3) In **TABLE TWO** – the number represents the total number of days delayed, in the **grand total** column the figure by service line is the sum total of days delayed
- 4) The higher numbers in **TABLE TWO** for CAMHS Low Secure and CAMHS General Adolescent are the service lines where we anticipated the numbers of delayed discharges to occur
