<b>Husqvarna Robotic Lawnmower</b>	
<b>Images</b>	
<b>Alert Number</b>	2111-0087
<b>Product Type</b>	Electrical appliances and equipment – Robotic Lawnmower
<b>Product Identifiers</b>	Barcode: 7391736592093 Models: Automower 435 AWD 9678533-03; Automower 535 AWD 9678534-03
<b>Product Description</b>	The robotic lawnmowers freely and automatically cut grass by detecting the signal of a perimeter cable. Both models are powered by lithium-ion batteries. The mowers have a docking station for recharging. The 435X model is grey with orange on the wheels, and the 535 model is orange and grey with white wheels.
<b>Country of Origin</b>	United Kingdom
<b>Counterfeit</b>	No
<b>Risk Type</b>	Fire
<b>Risk Description</b>	The product presents a risk of fire as a result of the charging pattern, 'stressing' the batteries to unusual levels of degradation. It has been identified that there have been 5 reported incidents where lawnmowers have caught fire as a result of when the battery was being charged. The product does not meet the requirements of the Electrical Equipment (Safety) Regulations 2016.
<b>Corrective Measures</b>	The product has been recalled from end users.  The manufacturer is contacting product owners directly to arrange to replace the battery through their network of dealerships. In addition, the manufacturer is resolving the issue of battery degradation and prolonging the battery lifetime through two mandatory software updates for the affected models
<b>Notifier</b>	Local Authority Trading Standards
