

## Pop Mart Plush Toy In Box, Y21646BC01, Bobo & Coco Travel Around The World-Plush

Aspect	Details
Images	
Alert Number	2207-0053
Product Type	Toys – Plush toy
Product Identifiers	Batch number: 97562203313782
Product Description	A set of plush, soft-filled characters and accessories including a magnifying glass, a soft-filled moustache containing a magnet and various clothing in a box
Country of Origin	Hong Kong
Counterfeit	No
Risk Type	Choking, injuries, chemical
Risk Level	Serious
Risk Description	<p>The product presents a risk of choking and injuries as the soft-filled 'moustache' containing a magnet fitted wholly inside the small parts cylinder. The strength of the magnet was tested, and was found to have a magnetic flux index of 57kG<sup>2</sup>mm (more than the maximum permitted). Small, high powered magnetic products can be easily swallowed and, when ingested, have the potential to cause serious internal injuries within the gastrointestinal tract. The buttons on the jacket detached at forces of 36 ± 0.4 Newtons (N) and 19 ± 0.2N, both of which are less than the specified minimum of 90N. Both the detached components fitted wholly inside the small parts cylinder, and therefore pose a potential choking hazard to a child under 36 months. Phthalates were also detected in the clear plastic material from magnifying glass. The sample exceeded the specified maximum limit of 0.1% by mass of the plasticised material, as the sum of the four phthalates. A young child playing with the toy is exposed to the phthalates which can potentially harm a child's health either via cancer or non-cancer effects. The product does not meet the requirements of the Toys (Safety) Regulations 2011 and of the Registration, Evaluation, Authorisation &amp; restriction of Chemicals (REACH) Enforcement Regulations 2008.</p>
