

## Statistical release

The latest provisional monthly energy production, consumption and prices statistics produced by the Department for Business, Energy and Industrial Strategy were released on 28 July 2022.

Energy production and consumption statistics are provided in total and by fuel and provide an analysis of the latest 3 months data compared to the same period a year earlier. Energy price statistics cover domestic price indices, prices of road fuels and petroleum products and comparisons of international road fuel prices.

### **Energy production and consumption**

Highlights for the 3-month period March 2022 to May 2022, compared to the same period a year earlier include:

- **Primary energy consumption in the UK on a fuel input basis fell by 0.2%, but with petroleum consumption increasing as lockdown restrictions eased. On a temperature adjusted basis consumption rose by 4.2%. ([table ET 1.2](#) and [table ET 3.13](#))**
- **Indigenous energy production rose by 8.7%, UKCS production has increased following summer 2021 maintenance but remains low. ([table ET 1.1](#))**
- **Gas exports up significantly; the UK has been playing a key role in supplying gas to Europe as it looks to move away from Russian gas. ([table ET 4.3](#))**
- **Electricity generation by Major Power Producers down 3.5%, with gas down 2.5%, but coal up 35%, nuclear up 20% and renewables up 3.6% due to increased capacity and more favourable weather conditions.\* ([table ET 5.4](#))**
- **Gas provided 44.8% of electricity generation by Major Power Producers, with renewables at 34.3%, nuclear at 18.6% and coal at 1.7%.\* ([table ET 5.4](#))**
- **Low carbon share of electricity generation by Major Power Producers up 2.6 percentage points to 52.9%, whilst fossil fuel share down 2.5 percentage points to 46.6%.\* ([table ET 5.4](#))**

\*Major Power Producers (MPPs) data published monthly, all generating companies data published quarterly.

### **Energy prices**

Highlights for July 2022 compared to June 2022:

- **Petrol up 5.7 pence per litre and diesel up 7.2 pence per litre, with prices for both fuels at the highest level recorded this century. ([table QEP 4.1.1](#))**

## Data periods and coverage

Statistics on monthly production and consumption of coal, electricity, gas, oil and total energy include data for the UK for the period up to the end of May 2022.

Statistics on average temperatures, heating degree days, wind speeds, sun hours and rainfall include data for the UK for the period up to the end of June 2022.

Statistics on energy prices include retail price data for the UK for June 2022, and petrol & diesel data for July 2022, with EU comparative data for June 2022.

## Next release

The next release of provisional monthly energy statistics will take place on Thursday 25 August 2022.

## Data tables

To access the data tables associated with this release please click on the relevant subject link(s) below. For further information please use the contact details provided.

Please note that the links below will always direct you to the latest published data tables. If you are interested in historical data tables, please contact BEIS ([kevin.harris@beis.gov.uk](mailto:kevin.harris@beis.gov.uk)).

### **Energy production and consumption, and weather data**

#### **Total Energy**

**ET 1.1**

**ET 1.2**

Contact: [Energy statistics](#), Tel: 0747 135 8194

Indigenous production of primary fuels

Inland energy consumption: primary fuel input basis

#### **Coal**

**ET 2.5**

**ET 2.6**

Contact: [Coal statistics](#), Tel: 0774 159 8039

Coal production and foreign trade

Coal consumption and coal stocks

#### **Oil**

**ET 3.10**

**ET 3.11**

**ET 3.12**

**ET 3.13**

**ET 3.14**

**ET 3.15**

Contact: [Oil statistics](#), Tel: 0755 716 6429

Indigenous production, refinery receipts, imports and exports

Stocks of petroleum

Refinery throughput and output of petroleum products

Deliveries of petroleum products for inland consumption

Imports of primary oil and petroleum products by country of origin

Exports of primary oil and petroleum products by country of destination

#### **Gas**

**ET 4.2**

**ET 4.3**

**ET 4.4**

Contact: [Gas statistics](#), Tel: 0781 869 7684

Natural gas production and supply

Natural gas imports and exports

Natural gas imports

#### **Electricity**

**ET 5.3**

**ET 5.4**

**ET 5.5**

Contact: [Electricity statistics](#), Tel: 0776 757 3907

Fuel used in electricity generation by major producers

Electricity production and availability from the public supply system

Availability and consumption of electricity

#### **Weather**

**ET 7.1**

**ET 7.2**

**ET 7.3**

**ET 7.4**

Contact: [Energy statistics](#), Tel: 0747 135 8194

Average temperatures and heating degree days and deviations from the long-term mean

Average wind speed and deviations from the long-term mean

Average daily sun hours and deviations from the long-term mean

Average monthly rainfall and deviations from the long-term mean
