Dear Mark

Re. Modification of Article 4 Direction in relation to Class MA of the Town and Country Planning (General Permitted Development) (England) Order 2015 for the Central Activities Zone and other sites within the London Borough of Wandsworth

### **Background**

As you are aware, with effect from 1<sup>st</sup> August 2021 Class MA was inserted into Part 3 of Schedule 2 to the Town and Country Planning (General Permitted Development) (England) Order 2015 ("the General Permitted Development Order").

Class MA permits development consisting of a change of use of a building and any land within its curtilage from a use falling within Class E (commercial, business and service) of Schedule 2 to the Town and Country Planning (Use Classes) Order 1987 to a use falling within Class C3 (dwellinghouses) of Schedule 1 of that Order.

On 30<sup>th</sup> July 2021 the London Borough of Wandsworth made a direction under Article 4(1) of the General Permitted Development Order disapplying Class MA for the Central Activities Zone (Nine Elms) and 62 other sites within the London Borough of Wandsworth ("the Article 4 direction"). The Article 4 direction is due to come into force on 31<sup>st</sup> July 2022.

#### **Consideration and Reasons**

In considering the Article 4 direction I have had regard to national policy on Article 4 directions. Paragraph 53 of the National Planning Policy Framework provides that The use of Article 4 directions to remove national permitted development rights should:

- where they relate to change from non-residential use to residential use, be limited to situations where an Article 4 direction is necessary to avoid wholly unacceptable adverse impacts (this could include the loss of the essential core of a primary shopping area which would seriously undermine its vitality and viability, but would be very unlikely to extend to the whole of a town centre);
- in other cases, be limited to situations where an Article 4 direction is necessary to protect local amenity or the well-being of the area (this could include the use of Article 4 directions to require planning permission for the demolition of local facilities);
- in all cases, be based on robust evidence, and apply to the smallest geographical area possible.

Paragraph 050 of the Planning Practice Guidance provides that the Secretary of State will only intervene in Article 4 Directions where there are clear reasons for doing so. I consider that there are clear reasons justifying my intervention in the Article 4 Direction.

The Class MA permitted development right provides new opportunities for the conversion of vacant commercial buildings to support housing delivery, economic recovery and high street regeneration. The permitted development right includes a number of national safeguards: all new residential dwellings delivered through the permitted development right must meet nationally described space standards, the rights do not apply where the cumulative floor space of the building changing use exceeds 1,500 square metres, the building must have been vacant for at least 3 months, and there are prior approvals for, amongst other things, the ground floor of buildings in conservation areas.

The Article 4 direction, as made, does not take a sufficiently targeted approach in the assessment of the wholly unacceptable adverse impacts of the permitted development right in each location. Such an approach is necessary to ensure that Article 4 direction applies only to the smallest geographical area possible. I am therefore of the view that the boundary must now be modified in accordance with the notice attached to this letter.

This will ensure that the Article 4 Direction is focused on protecting the most significant clusters of commercial and, where appropriate, other activity where the permitted development right would have a wholly unacceptable adverse impact. It covers part of the Central Activities Zone (Nine Elms), core locations with town centres, important local centres and parades and employment and industrial areas across the borough.

These modifications will ensure that the Article 4 Direction boundary for areas within the London Borough of Wandsworth is justified by robust evidence and complies with national planning policy.

#### **Decision**

I have decided to modify the Article 4 direction to restrict the Article 4 direction to the areas shown on the attached map and I attach a direction to that effect.

#### Procedural issues

For the purposes of paragraph 1(13) and (16) of Schedule 3 of the General Permitted Development Order we hereby notify you of the modification of the Article 4 direction.

Under paragraph 1(17) of Schedule 3, you must give notice of the attached direction in accordance with the provisions of paragraphs 1(1) to (3) of Schedule 3 of the General Permitted Development Order. You are required to give notice of this direction as soon as reasonably practicable after receipt of this letter. Although it is a matter for you, it is suggested that you give notice of the direction in the same manner as for the original form of the direction. In due course, please confirm when and where the notice is published or served so we know the date the direction comes into force.

With every good wish,

Rt Hon Greg Clark MP

Secretary of State for Levelling Up, Housing & Communities
