Grenfell Tower site update: summary of community online meeting

Grenfell Tower site update: summary of community online meeting

At the online meeting on 5 July 2022, we updated attendees on:

- Maintenance and safety works at the tower, including the ongoing installation of 'props' (metal supports) in the basement
- How we monitor noise levels
- Completion of recent work to relocate a local electricity substation
- How to access the garages under the walkway blocks
- Local opportunities available from the Grenfell Tower site principal contractor, DUK. Recent examples include a £45,000 premises and equipment fund, recruitment of six local apprentices, refurbishment of a community kitchen, and local litter-picking, as well as upcoming job fairs. You can find out more at www.degroupp-community.uk

We also gave an update on:

- Ground investigation works at the Grenfell Tower site, due to start on 8 August. Analysing the ground around the tower is part of the government's responsibility for the site. The works will involve drilling some holes in the ground outside the tower to provide DLUHC with information about the condition of the ground around the basement, which will be helpful ahead of any decisions being made about the future of the tower and the site. No decision has yet been made about the future of the tower and further community engagement needs to take place before a decision on the tower's future is made
- Asbestos-removal in Grenfell Tower, which you can read more about [here](#)
- Procuring a replacement contractor for local air monitoring, which is carried out regularly around the tower to provide reassurance to the local community. You can see this month's monitoring results on GOV.UK

The panel

- Matt Hogan, a civil servant in the site management team at the Department for Levelling Up, Housing and Communities
- Steve Jones from DUK, the principal contractor for the Grenfell Tower site

You can watch a [video of the meeting on the DLUHC YouTube channel](#).

Our next meeting

Our next community online meeting is on Tuesday 2 August, 6pm to 7pm.

- **Join with weblink:** msteams.link/ANT7 (using Microsoft Teams)
- **Or join by phone:** dial [020 3795 5763](tel:02037955763) and enter conference ID **164 865 623#**

There are opportunities to ask questions at these meetings.

How to get in touch

We are available for conversations with you or your family and to provide further information.

- Email GrenfellTowerSite@levellingup.gov.uk
- Phone [0303 444 0011](tel:03034440011)
- Go to www.gov.uk/grenfell-community-updates or scan the QR code below and click on 'Get in touch'

The digital signs around the site feature the latest information about the tower.
