

EMPLOYMENT TRIBUNALS

Claimant: Mrs H A Spence
Respondent: Mrs T Jakes T/A Meadcroft Nursery

JUDGMENT

The respondent's application dated 28 March 2022 for reconsideration of the judgment sent to the parties on 23 March 2022 is refused.

REASONS

1. This is the respondent's application for reconsideration dated 28 March 2022. As it had not been copied to the claimant her views were sought and those of the 21 May 2022 taken into account in reaching this decision.
2. The respondent states that the claimant's weekly wage was £297 and not the sum of £306 used to calculate the award to the claimant. The figure used was taken from the ET1 form. In its Response to that the respondent accepted that the earnings stated by the claimant were correct. The tribunal therefore is satisfied that the correct figure was used and there was no evidence to the contrary
3. The respondent also now states that there had been an overpayment of wages to the claimant. No employers counter claim was raised in these proceedings, that is not a ground for reconsideration and a separate matter on which the respondent can seek independent legal advice on if it so wishes.

4. There is no reasonable prospect of the original decision being varied or revoked, and the application for reconsideration is refused.
