Subject:Section 62A Planning Application: S62A/22/0006 Berden Hall Farm, Ginns Road, Berden

September 4th 2022

We object to the above application for the following reasons.

There are many alternatives to place these ugly 'factories' other than in the countryside.

In this instance the proposed site is on prime agricultural land and in an age where food shortages are looming more than ever there is a need for us to produce our own crops.

The visual impact will have a massive detrimental impact on the surrounding area changing from an agricultural environment to an industrial one.

The national Planning Policy Framework makes it clear that the adverse impacts of solar farms must be addressed satisfactorily and that the cumulative landscape and visual impacts of the proposed development must be considered.

Another consideration is: there is a preschool in Stocking Pelham village hall and the increase in HGV movements from the A120 through our narrow village lanes would put the lives of its staff, pupils and parents at considerable risk.

Michael & Suzanne Hutchins
