Other Investigation Recommendations	N/A
Any Other Document	STANAG 3527 – Fatigue Management in Air Operations; CAP 371 – The Avoidance of Fatigue in Aircrews; AP 1269A- RAF Manual – Assessment of Medical Fitness.

Authorized Amendment
Summary / Overview of the amendment to explain/ensure that the reader understands: the rationale for the amendment; the major changes; and, importantly, the full context (including desired outcome) of the amendment.
The Regulated Community is reminded to check this amendment against any applicable AAMC, Waivers or Exemptions to ensure their ongoing validity.
This amendment was generated by a Tri-Annual Review. References have been updated and wordage simplified where possible. This Regulation now definitively includes RPAS crews and non-pilot Aircrew. Additional Guidance Material to support the management of fatigue has been provided.
