I disagree very strongly about the building of 130 properties on the land opposite the Crown pub. This village and its roads are not equipped for the increase in population. STOP turning our English villages into large towns. If you wish to do this build new towns elsewhere . Government are allowing the overpopulation of this small island and this is the result. This is why I disagree of the building of so many new properties around the country and in the small village of Elsenham as well.
