---

We have decided to accept the surrender of the permit for Clifton Marsh Chemical Store operated by SUEZ Recycling and Recovery Lancashire Ltd.

The permit number is EPR/ZP3637SU.

We are satisfied that the necessary measures have been taken to avoid any pollution risk and to return the site to a satisfactory state. We consider in reaching this decision that we have taken into account all relevant considerations and legal requirements.

### Purpose of this document

This decision document provides a record of the decision-making process. It:

### Key issues of the decision

A full surrender application was submitted with a request for the application to be assessed as low risk. We agreed the application could be determined as a low risk surrender as the site had been well managed, the area only lightly used when it was operational, and it had not been used as a chemical store since July 2013 as reported by the applicant.
