

Product Recall

Mushroom Teether	
Aspect	Details
Images	
Alert Number	2208-0346
Product Type	Toys – Mushroom teether
Product Identifiers	N/A
Product Description	Mushroom teether with white stem and orange top
Country of Origin	Unknown
Counterfeit	No
Risk Type	Suffocation
Risk Level	Serious
Risk Description	The product presents a risk of suffocation as it has been identified that the mushroom head can flip around creating a tight suction, with the eyes not being rigid enough to prevent the mouth and nose from being pushed in. If this suction is over the mouth of a child or infant and the parent or guardian does not notice in time, the child may suffocate. The product does not meet the requirements of the Toys (Safety) Regulations 2011.
Corrective Measures	The authority is requiring the recall of the product from end users
Online Marketplace	eBay
Notifier	Local Authority Trading Standards
