

Doppstadt Mobile Shredder (AK 510K)	
Aspect	Details
Images	 
Alert Number	2208-0457
Product Type	Machinery – High-speed Shredder
Product Identifiers	Doppstadt AK 510K Mobile Shredder
Product Description	The AK510K mobile shredder is designed to process any kind of green, yard and wood waste. It is mounted on a tracked chassis. The AK510K mobile shredder was manufactured between June 2014 (06/14) and April 2019 (04/19) and subsequently discontinued.
Country of Origin	Germany
Counterfeit	No
Risk Type	Rotating parts creating in-running nips
Risk Level	High
Risk Description	The AK510K mobile shredder has unguarded in-running nips - at the base of the conveyor and on the band magnet - that present a risk of entanglement to personnel in areas where access is foreseeable. It does not meet essential health and safety requirement (EHSR) 1.3.7 of Machinery Directive 2006/42/EC (implemented in the UK by the Supply of Machinery (Safety) Regulations 2008). This requires that the moving parts of machinery be designed and constructed in such a way as to prevent risks of contact which could lead to accidents or must, where risks persist, be fitted with guards or protective devices.
Corrective Measures	The GB distributor contacted their customers to inform them that the AK 510K mobile shredder has unguarded moving parts that present a risk of entanglement. They also advised AK 510K customers to assess the adequacy of on-site control measures to comply with their duties under health and safety legislation.
