

EMPLOYMENT TRIBUNALS

Claimant: Dr T William

Respondent: Lewisham and Greenwich NHS Trust

JUDGMENT

The claimant's application dated 6 September 2022 for reconsideration of the judgment sent to the parties on 23 August 2022 is refused.

REASONS

There is no reasonable prospect of the original decision being varied or revoked. A reconsideration may only be carried out when it is in the interests of justice to do so. The application seeks to revisit findings of fact and law made in the original decision. This is not the purpose of a reconsideration.

It is understood that the claimant seeks to rely on further evidence not before the tribunal at the hearing. There is no explanation or evidence as to why this evidence could not have been presented to the original hearing.
