

EMPLOYMENT TRIBUNALS

Claimants: Miss H Bird
Mr C Gaymer

Respondent: Senseco Systems Ltd

JUDGMENT

The Claimants application dated **06 June 2022** for reconsideration of the judgment sent to the parties on **01 June 2022** is refused.

REASONS

There is no reasonable prospect of the original decision being varied or revoked, because the claimant has not provided sufficient reason to show it would be in the interest of justice to do so.

The documents provided by the claimant on 16 December 2022 did not comply with the orders given by the Tribunal on 02 December 2021. On 17 February 2022 the claimant was warned by way of strike out warning notice that it was not enough to reference other documentation and explicitly told to provide a chronological list with the details requested. In response to this the claimant referred the Tribunal back to the documents provided by the claimant on 16 December 2022.

The notice of hearing sent by the Tribunal was done so as a matter of administrative procedure on the assumption that the claimant would comply with the Tribunal's orders. The claimant should not have read into this that the Tribunal considered the orders complied with in the circumstances that the notice of hearing did not explicitly state this.

The claimant has provided no new information to show it would be in the interests of justice to reconsider the decision. There is nothing to show that the original judgment was incorrect nor has new evidence come to light that would render the original judgement unjust. Therefore, the reconsideration request is refused.
